Welcome! Our towns are charming and full of shopping, wine tasting, good food, and warm people. Find a local-made treasure, taste Lake County wines curated just for you, and choose a great restaurant for lunch and dinner and of course, spend the night (or three!). We’ve got world-class wines, fishing, birding, and cycling. Add hiking, biking, shopping, and you’ll need to extend your stay to cover all of the treasures you’ll discover (including the famous Lake County diamonds). Explore our history at local museums, quilt trail, the Ely Stage stop, Native American tribal celebrations, and the world’s largest geothermal field complex. Take a break from city lights. The brightest lights you’ll see here are stars… they’re extraordinary! Check them out at Taylor Observatory-Norton Planetarium.

Wine time? Find what’s set the wine world abuzz. We’re proud of our ‘high elevation’ wine country. Seven APAs showcase extraordinary range and terroir, and there’s something for every wine enthusiast. Sunshine bright Sauvignon Blancs, stellar Cabernet Sauvignons produced from our unique red volcanic soils, Rhone varietals, to spicy Spanish Tempranillo make tasting an adventure. Check out the new Lake County Wine Guide by Gaye Allen for a fascinating overview of this unique wine country.

Prepare yourself. We’ve got a down home roll going on. Many tasting rooms waive fees or apply their minimal charge to that bottle you purchase. It’s likely that the winemaker will also be pouring your wine, and you may even be invited to tour their vineyard with their dog (and yours) tagging along. You don’t get that experience too many places. Lake County’s a very special place (and dog friendly!). No pretension, no pressure, just people who love growing the grapes our beautiful climate produces to making a fine, well-priced wine that will surprise you, to the person-to-person interaction you don’t usually associate with wine tasting.

Our birding is crazy-good and birders will see osprey, bald eagles, our beautiful Clark’s and Western Grebes, and so many more. Bird watch AND see the lake with a pontoon boats tour. Photographers go nuts here and you can scout around on your own or bring your camera on your tour and take photos and bird watch. Travel by kayak through Rodman Slough to see birds under your own power or take a walking tour at Anderson Marsh State Historical Park.

Hiking? Amazing. Hike our ancient volcano, Mt. Konocti or a more leisurely tour through Clearlake State Park. Love the water? Stand up paddle boarding, kayaking, sculling, classic wooden boats, electric yachts, and sea plane splash ins? Lake County does them all!

Fishing’s popping! Local guides know the hot spots for the big ones and there’s no shortage of lakes and streams to drop that line in. Clear Lake is always one of the top lakes in North America for out of this world bass fishing. Don’t forget Blue Lakes, Lake Pillsbury, and our many streams for rainbows, catfish, too.

Gaming your game? Twin Pine Casino and Hotel, Konocti Vista Casino Resort and Marina, Robinson Rancheria Resort and Casino, and Running Creek Casino, are located within easy reach of all main entrances to the County and provide opportunities for good food, and (hopefully) good luck!

Our natural beauty provides the perfect backdrop for our vibrant arts scene. From the Middletown Art Center, Lake County Arts Council and Friday Night Flings, Lake County Rural Arts Initiative, Lake County Theater Company and nationally recognized Lake Co. Symphony association along with galleries, studios, abound.

Check out www.lakecounty.com for events. From the Pear Festival, Farmer’s Markets, Farm to Table dinners, there’s always something going on. We’re adventure-full, four seasons. Plan your adventure – local Chambers of Commerce, friendly innkeepers are ready to assist! Be it boating, birding, equestrian, wine tasting, hiking, cycling, biking, or kickin’ back. Country posh, lodging on the lake, vintage railroad cabooses, glamping, camping or RV’ng, we have lodging for all styles and budgets.

We’re a little bit country, a little bit blues, and a whole lot special. Be part of the discovery. Lake County welcomes you!
As the warmth of summer approaches, families begin planning trips to their favorite vacation spot. Lake County vacation memories are passed down through generations: parents take their children back to Clear Lake or Cobb Mountain, where their own childhood summers were spent, to make new family traditions.

Whether they come to fish, splash, hike, cycle, or just lie under the sun, summer activities abound — from outdoor activities, music events, art shows, and community festivals to classic boat and car exhibits, seaplane shows, holiday parades, fireworks, and even an old-fashioned county fair.

This is Lake County in the summer — where the sun shines brightly overhead, highlighting the endless adventures that beckon you to come and explore.

With fall comes the harvest — a time for farmers to gather their crops and celebrate the season’s yield, and a time for the community to gather with family and friends to celebrate Lake County’s agricultural heritage.

Lovely autumn days and harvest-related festivals entice people from all over Lake County and beyond to admire colorful vineyard and orchard tapestries, and to savor the flavors of fall in local premium pears, walnuts, and award-winning wines. As the air gets crisper and cooler, bracing outdoor activities of all kinds begin to call...

This is Lake County in the fall — a place where the agricultural bounty is plentiful and the weather is nearly perfect, where local traditions remind us of a slower time and offer a sense of community, a sense of place.

The friendly, country atmosphere grows even cozier as winter approaches and family and friends gather to celebrate the holiday season. It’s what makes annual events feel more authentic here.

Snow-capped peaks frame distant views, and cabins glow with the warmth of cozy winter fires. Stargazers delight in the clear, dark winter skies.

Seasonal chills are warmed by a strong sense of community as main streets bustle with locals and visitors strolling shops and craft fairs, gathering for holiday tree lightings, light parades, and annual festivals.

This is Lake County in the winter — a place where things slow down just enough for you to savor them and where true small-town charm makes you feel right at home.
Lake County has experienced several major fire incidents over the past 3 years; although these fires destroyed thousands of acres, hundreds of homes and even some lives, they have not destroyed the spirit of Lake County, and much of the natural beauty of Lake County remains unaffected. #LakeCountyStrong. Visitors will notice the resiliency and strong sense of community among Lake County residents as we pull together to rebuild these fire-stricken areas.

The historic Harbin Hot Springs resort near Middletown was one of the impacted businesses; its owners are committed to having it back in operation as soon as possible. Please call the Lake County Chamber of Commerce for updates and status reports on the progress of restoration efforts at Harbin Hot Springs as well as any other businesses impacted by the fires.

Despite the challenges presented by these fires, County and City officials remain committed to creating a favorable environment for businesses; maintaining a high quality of life for residents; and providing enjoyable amenities for visitors.

Those considering moving here and opening a business will find local government is eager to assist and be personally available to meet with developers, business owners, and entrepreneurs to facilitate quality development and encourage business growth.

Raising a family in Lake County is life as it should be, with beautiful surroundings, small-town charm and friendly people. Those of retirement age will find affordable housing and serene communities that are a pleasure to experience. Students from kindergarten through 12th grade will find excellent educational opportunities in public and private schools as well as higher education opportunities in two community colleges - Woodland Community College's Clear Lake Campus and Mendocino College's Lake Center.

For information on doing business in Lake County, contact Lake County Marketing and Economic Development in the Administration Office, 255 North Forbes Street, Lakeport or by calling (707) 263-2580. Information, guidance and technical assistance is also available through the Lake County Economic Development Corporation, 3895 Main Street, Kelseyville at (707) 279-1540.
First and foremost, I’d like to thank you for your interest in our wonderful county. Whether you are new to Lake County, a lifetime resident or somewhere in between, you’ll find Destinations 2019 to contain the very best of what our county has to offer. If it’s good clean fun you’re after, our county has it for you. We are very proud to be recognized with a ranking of #4 in the nation by the American Lung Association for our clean air. Taking in the fresh air while kayaking down Cache Creek, pedaling along the many biking trails throughout the county or hiking up Mt. Konocti are just a few of the many memories you’ll take with you.

Clear Lake continues to draw fishing enthusiasts from around the world. Pros and novices alike have been drawn to the bounty of bass, crappie, and catfish that inhabit our beautiful lake. Not into fishing but love the water? We can help you there as well with year around activities on the lake; boating, water skiing, paddle boarding or just taking a leisurely tour on a pontoon boat around Anderson Marsh or Rodman Slough. You’ll find white pelicans, grebes and herons, along with many other species of wildlife that call Clear Lake their home.

After your day on the lake or your trek on the trails, enjoy a delicious meal at one of the many restaurants in the county that utilize locally sourced ingredients to create a delicious end to your day. Did someone mention wine with that meal? Lake County has been featured recently in the Wine Spectator and Decanter magazines. In addition, the Red Hills region of Lake County has been cited as one of the “12 Next Great Wine Regions” in Food & Wine Magazine. So, if spending a relaxing day exploring the many flavors from around the county suits your tastes, Destinations 2019 can help be your guide.

The Lake County Chamber of Commerce would like to thank you for making Lake County a destination not to be missed in 2019.
HISTORY AND HERITAGE

GEOLGY

Geologists have determined that Clear Lake is the oldest lake in the New World. Though lakes and marshes have existed here for 2.5 million years, the lake, as we know it today, is at least 500,000 years old. During that long history, its outlet has changed from flowing east toward the Sacramento River and west to the Russian River. The most recent change occurred about 12,000 years ago when the southern and eastern arms of the lake deepened, causing the outlet to shift to the east.

Mount Konocti rises above Clear Lake and is the most prominent volcano in the Clear Lake Volcanic Field at 4,299 feet. The lake basin was created and is partly maintained as a result of this volcano; the Earth’s crust slowly sinks to compensate for the magma that flowed out of this volcano between 600,000 and 300,000 years ago. The lake basin is sinking at about 1/4” each year.

Researchers estimate Lake County’s prehistoric population at between 9,000–12,000 before European arrival, at which time there were 31 major villages around the Clear Lake shoreline representing 11 distinct tribes. In the late 1500s European diseases swept through the Americas, eliminating roughly one half of Lake County’s Native population. Enslavement and mistreatment by the Spanish missions, Mexican and early European settlers during the 1800s further reduced the Native population to about 450 by 1900.

Today, seven Pomo tribes still inhabit the County. Many traditional cultural ways have been handed down through generations and are still practiced by some of the families. Four of these tribes operate casinos.

FARMERS

Read about Lake County’s agricultural history on pages 26.

TOURISTS

Imagine…ferrying four hours by boat across the San Francisco Bay to Vallejo, hopping on a train to Calistoga, riding by stagecoach over Mt. St. Helena to Middletown, continuing up over Cobb Mountain or on to Lower Lake—then taking a steamer ferry ride across Clear Lake to your final destination! That’s what it took to visit Lake County in 1874.

Did you know?

In November of 1882, the notorious Black Bart robbed the stagecoach between Lakeport and Cloverdale.

In 1839, Salvador Vallejo received Spanish land grants in the areas from Upper Lake to Big Valley, and brought in large herds of horses and cattle. In 1847 he sold his lands to Andrew Kelsey and Charles Stone. By the mid-1850s, American and European pioneer families were making their homes in Lake County, planting orchards and tending cattle ranches and farms. Mines yielded quicksilver and borax. Privately owned toll roads crossed the mountains, bringing more people, who built stores, banks, churches, saloons, and other businesses, forming communities in the hills and around Clear Lake.

The act for combining portions of Napa, Mendocino, and Colusa counties to form Lake County was approved by the California Governor on May 20, 1861, with Lakeport as the County Seat. The first courthouse, a wooden structure built in 1861, burned in 1867. It was replaced by a concrete-covered brick courthouse, completed in 1871, the first California courthouse listed in the National Register of Historic Buildings, and now home to the Lake County Historic Courthouse Museum.

Although Lake County never acquired a railroad system, a powerful force pulled in tons of long-distance travelers: the mineral springs. Thought to possess medicinal virtues and heal the physically, mentally, and emotionally ill, visitors traveled for entire days to reach the

NATIVE PEOPLES

The ancestors of Lake County’s Pomo and Wappo speaking people arrived in the area at least 20,000 and 14,000 years ago (that is 12,000 years before the Egyptian civilization). Their languages belong to the two oldest language families in the New World. Some of the current reservations are located on the sites of the ancient villages of their ancestors. More recently, the Lake Miwok moved into the area at the south end of Clear Lake.

The Native population relied on at least 2,000 different plants, fish and animals; many (such as Grebe, and Bald and Golden eagles) were considered sacred and not hunted. Tule reeds were used for house and boat construction, clothing, and food. Willow, sedge, and redbud were used for basket making; special gift baskets were often decorated with beads and feathers.

They were the first farmers in the county, collecting and processing grain crops by 8,000 years ago. By 6,000 years ago they were living in “orchards” of oak trees that provided acorns, a storable food source. With this abundance, there was no need for warfare and all groups lived together peaceably.

Lake County’s Native people were one of the wealthiest and most influential groups in California. They controlled the obsidian that was traded and used for making tools all over California, they used shell (traded from the Pacific Coast) to manufacture beads that served as currency in California’s prehistoric economy, and they controlled access along a main trade route between the coast and the central valley.
revered springs, which also doubled as “pleasure palaces” for many. Hotels and retreats were built at a feverish pace throughout the region. By the 1880s, the hills were dotted with luxurious resorts built around mineral springs. Wealthy travelers from San Francisco and other parts of the world frequented the resorts, traveling to “take the waters,” enjoy nature, and indulge in lavish parties at these establishments.

Popular resorts of the times included Bartlett, Highland, Harbin, Pearson, Seigler, Adams, and Anderson Springs. The 1906 earthquake caused many of the hot springs to stop or slow down; in the years that followed, fires destroyed most of the historic resorts that remained, while others were torn down.

Today, tourists escaping the urban world still enjoy unspoiled scenic beauty and a variety of activities in Lake County.

NOTE All telephone numbers are area code (707) unless otherwise listed.

Ely Stage Stop & Country Museum Offers Peek at Lake County Past
The Ely Stage Stop near Kelseyville dates back to the 1880s and, over the years, served as a stagecoach stop, hotel, post office, general store, and at one point, a gas station, and a boy’s home before taking on its current role as a historical and community center.

The original building was part of the vast S-Bar-S Ranch homestead. In 2007, through a generous donation by Beckstoffer Vineyards, the structure was moved to another part of the former ranch and inspired the vision for the Ely Stage Stop & Country Museum.

After careful restoration and ongoing preservation, it opened in 2011 to offer visitors an opportunity to learn about Lake County’s heritage with a reconstructed old barn, farm equipment displays, agricultural demonstrations, interpretive and living history exhibits. A working blacksmith shop is currently under construction.

On the first Sunday of every month, there is a Fiddlers’ Jam from 12 noon–2pm in the barn. There is plenty of toe tapping music, plus food and beverages. Special Marketplaces with craft vendors occur on the grounds in May and October; the Holiday Marketplace in December fills up the gaily decorated barn.

Spring events will be Daffodils in Bloom and the Early Days Gas Engine and Tractor show in June. The show is sponsored by the Branches 13 and 31.

The Ely Stage Stop & Country Museum, a joint project of the County of Lake and the Lake County Historical Society, is available for rent for special events and business meetings.

Ely Stage Stop & Country Museum
11am–3pm Sat–Sun and tours by appointment.

Did you know?
Lake County historian Henry Mauldin’s 10,000 page indexed history of Lake County is found in the Lower Lake Schoolhouse Museum.
Come and find land the way our ancestors found it: clean, unspoiled, wild and beautiful; and the purest, most breathable air in the state. Lake County is a recreational paradise with over 420,000 acres of public lands for your enjoyment.

Public lands include three major BLM recreation areas (Cache Creek Wilderness Area, Cow Mountain Recreation Areas and Indian Valley Wildlife Area), the 260,000-acre Mendocino National Forest; two state parks (Clear Lake State Park and Anderson Marsh State Historic Park) several conservancy and trust areas and many city and county parks.

Outdoor activities range from swimming, fishing and kayaking to hiking, horse camping and off-road driving. Extensive hiking trails for every level, from easy to strenuous, offer scenic woodlands, wildflowers, hidden waterfalls, panoramic vistas and wildlife viewing.

Biking: Lake County has hundreds of miles of gorgeous country roads to explore by bike. Every October, the Rotary Club of Lakeport hosts the Konoci Challenge, which draws hundreds of riders. See page 13.

Fishing: Clear Lake has more fish per square acre than any other lake in the country, and Bassmaster has ranked it as high as number two in North America for bass fishing. With over 43,000 acres of surface, and 100 miles of coastline, you’re sure to find a hot fishing hole within minutes!

Geocaching: Lake County geocachers are notorious for hiding treasures in the most unbelievably scenic spots. Most hunts involve a combination
of driving and hiking to find the cache, and this being Lake County, a few of them require a boat.

**Hiking:** Lake County offers extensive hiking for all skill levels from flat and gently rolling, well-defined trails to serious black-diamond-rated hikes in rarely visited high country wilderness areas. The moderate, 7.5 mile Wright Peak Summit Trail at Mt Konocti County Park dazzles with panoramic lake views, distant mountain vistas and wildlife viewing. Guided hikes are often offered, including wildflower tours, bird watching and other nature events. See pages 14-17.

**Marshland:** Check out Anderson Marsh State Historic Park or Rodman Slough County Park. Both offer excellent viewing of wildlife and rare plants.

**Water:** Lake County contains Clear Lake, the largest and oldest natural lake in California, Lake Pillsbury, Indian Valley Reservoir, Highland Springs Reservoir, Blue Lakes, Borax Lake and Thurston Lake.

**Wildlife:** The unspoiled and scenic landscape of Lake County is a significant bioregion teeming with rare birds, elk, foxes, bobcats and large populations of many other wildlife species. Lake County boasts a number of distinctive wildlife hot spots, including Anderson Marsh State Historic Park, Cache Creek Wilderness Area, Mendocino National Forest, Mt Konocti County Park, Rodman Slough County Park, where lovers of the great outdoors can see the bald eagles, the rare tule elk, deer, owls and thousands of other wildlife species.

Spring, summer, fall or winter, Lake County offers pristine, natural vistas that will take your breath away and give back memories and experiences to make your spirit soar! Come to Lake County and find yourself.
CLEAR LAKE... A NATURAL TREASURE

Clear Lake is the largest natural freshwater lake in California, with 68 square miles of surface area, more than 100 miles of shoreline, and an average depth of 28 feet.

Clear Lake is one of the oldest lakes in the world at 2.2 million years old. The Oaks Arm and Lower Arm were marshy areas until the basin deepened about 12,000 years ago.

Clear Lake lies in a broad basin in the Coast Ranges of Northern California. A vast watershed, relatively shallow depth, and temperate climate keep Clear Lake’s water warm and rich in nutrients, making it highly productive, or eutrophic. Studies indicate that Clear Lake has been eutrophic – providing abundant food for fish and wildlife – since the last Ice Age, more than 10,000 years ago.

The Clear Lake Basin is home to year-round populations of ducks, pelicans, grebes, herons, egrets, osprey, and winter populations of bald eagles. The Basin also supports abundant populations of deer, bears, mountain lions, raccoons, and other animals.

Archaeological evidence indicates humans have lived in the Clear Lake region for at least 20,000 years.

The Middle Creek Flood Damage Reduction and Ecosystem Restoration Project is reconnecting more than 1,650 acres of former wetland and floodplain to Clear Lake. When complete, the project will eliminate substandard levees, restore natural habitat, and ultimately improve water quality with the increased wetlands that will once again act as a vast nutrient filter for water entering the lake from Middle and Scotts creeks via Rodman Slough.

Located a little more than 100 miles north of San Francisco, Clear Lake played an indispensable military role during the seaplanes’ heyday of WWII and the early Cold War era as an auxiliary landing spot when the Bay was too fogged over for safe landing. Today, Clear Lake hosts the biggest seaplane event in the Western United States.

NOTE: All telephone numbers are area code (707) unless otherwise listed.

Clear Lake’s healthy ecosystem provides abundant food for many fish and animal species.
Lake County is a recreational paradise with over 420,000 acres of public lands for your enjoyment. Outdoor activities range from swimming, fishing and kayaking to hiking, horse camping and off-road driving. Extensive hiking trails for every level, from easy to strenuous, offer scenic woodlands, wildflowers, hidden waterfalls, panoramic vistas and wildlife viewing.

**NATIONAL MONUMENT**

**Berryessa Snow Mountain National Monument**

Biking, camping, fishing, hiking, horseback riding, hunting, OHV and rafting. This 330,780-acre monument extends across seven counties and contains some of the most scenic and biologically diverse landscapes in northern California, the region is home to some of the rarest plants on earth. From early spring into summer, colorful wildflowers paint lowland valleys and upland meadows. Visitors may encounter bald eagles, black bears, mountain lions, songbirds and other wild animals in this remote and rugged landscape.

The US Forest Service and Bureau of Land Management (BLM) split responsibility for the Lake County portion of the monument.

Contact offices below for current status due to 2018 fires.

For information on the monument, call Upper Lake Ranger District......275-2361 BLM Ukiah Office..............468-4000

---

**National Forest**

Mendocino Nation Forest Order No. 08-18-17, effective November 22, 2018, until July 1, 2019 calls for extensive closures due to the impacts of the Ranch Fire. These areas are identified as Mendocino National Forest and Snow Mountain Wilderness Area; this also impacts portions of the Lake Pillsbury area.

Please contact the Upper Lake Ranger District office noted above for current status of these areas.

**BLM LAND**

Off-leash, well-behaved dogs under owner’s voice-control are allowed. **BLM Ukiah office**, 2550 North State Street, Suite 2, Ukiah.........................468-4000

**Cache Creek Wilderness**

Biking, birding, primitive camping, fishing, hiking, horse riding, hunting, nature viewing, and rafting. **FBH**

Managed to protect wildlife and rare plants; access limited to foot traffic, equestrian use and mountain bikes. **Primitive use.**

The trailhead for Redbud Trail provides parking, maps and information. **Perkins Creek Ridge Trail** accessed from Redbud Trail.

From Clearlake Oaks, travel east on CA Highway 20 for 8 miles to the trailhead.

**Indian Valley Wildlife Area**

Bird watching, hiking, horseback riding, hunting, and wildlife viewing. **FBH** Trails include Signal Rock/Eagle Rock Loop along Walker Ridge, accessed at the intersection of Walker Ridge and Indian Valley Roads.

From Clearlake Oaks, take CA Highway 20 east 14 miles. Turn north on Walker Ridge Road.

**Knoxville Recreation Area**

Biking, camping, hiking, hunting, nature viewing, and OHV. **FBH**

17,000 acres of varied terrain; unusual plant communities unique to the area’s serpentine barrens, which are closed to vehicles. **Primitive use.**

From Lower Lake go east on Morgan Valley Road 13 miles to the north entrance at Dunnigan Hill Road (not recommended for two-wheel drive vehicles beyond Round Mountain Road). For the south entrance continue three miles on Morgan Valley Road to the intersection with Devilhead Road, by the McLaughlin Mine crushing plant. BLM signs at both entrances.

**North Cow Mountain Recreation Area**

Biking, camping, hiking, horseback riding, hunting, and rifle range. **FBH**

Seventeen mile network of foot trails.

From CA Highway 29 in Lakeport, take the 11th Street/Scotts Valley Road exit. Go west 0.5 mile. When road veers right, stay left on Riggs Road for 0.75 mile to Scotts Creek Road. Turn right and proceed west on Scotts Creek Road two miles.

**STATE PARKS**

**Anderson Marsh State Historic Park**

Bird watching, cultural and historical significance, hiking and wildlife viewing. No dogs. Anderson Marsh was home to the political and religious center of the Koi Tribe of Pomo. The park protects significant natural and cultural resources. Mostly-level foot trails wind through 1,065 acres of riparian, grassland, oak woodland, and tule marsh habitats. The Cache Creek Nature Trail features interpretive displays. **FK**

Wildlife, waterfowl, and other bird viewing can be done by both land and water, with exceptional sightings found in the marsh.

Call BLM at 468-4000 to find out if it is now open.

From CA Highway 29 in Lakeport, take the 11th Street/Scotts Valley Road exit. Go west 0.5 mile. When road veers right, stay left on Riggs Road for 0.75 mile to Scotts Creek Road. Turn right and proceed west on Scotts Creek Road two miles.

---

**Outdoors Tips**

**Bring water.** There is no drinking water on most trails.

**Do not drink** from lakes, springs, and streams. They may look inviting and harmless, but they may be unsafe for drinking.

**Use Trail Etiquette.** Many trails are multi-use. Bicycles yield to equestrians and hikers; hikers yield to equestrians, and motorized vehicles yield to all.

**Leave no trace** so others may enjoy.

---

**Legend**

- ADA Accessible
- Bird Watching
- Boat launch
- Dogs welcome (on leash)
- B (bike); F (foot); H (horse); K (canoe/kayak)

---

**Indian Valley Wildlife Area**

Bird watching, hiking, horseback riding, hunting, and wildlife viewing. **FBH** Trails include Signal Rock/Eagle Rock Loop along Walker Ridge, accessed at the intersection of Walker Ridge and Indian Valley Roads.

From Clearlake Oaks, take CA Highway 20 east 14 miles. Turn north on Walker Ridge Road.

**Knoxville Recreation Area**

Biking, camping, hiking, hunting, nature viewing, and OHV. **FBH**

Kelseyville County Park
Basketball court, BBQ & picnic area, playground, skate park, sports field.
5270 State Street, Kelseyville

Lakeside County Park
BBQ & picnic area, bird watching, boat launch, fishing, horseshoe pits, lake swimming, playground, sports field.

K
Dogs allowed in dog park area at west end of park.
1985 Park Drive, Kelseyville

Lucerne Harbor County Park
Artist center, boat launch, fishing pier, picnic area and playground. Dogs allowed east end of parking lot near playground, on beach.
6225 East Highway 20, Lucerne

Middletown County Park
Trailside Nature Preserve

Dogs on leash allowed on interior park roads.
24135 Dry Creek Cutoff, Middletown

Middletown Park and Pool
Picnic area, playground, showers, swimming pool, tennis court.
20962 Big Canyon Road, Middletown

Mount Konocti County Park
Bird watching, hiking, picnic area.

F
Hikers need to bring water, cell phone, and other necessities.

Mount Konocti, an ancient towering volcano, is home to falcons and other raptors, sacred to Native Americans, and the subject of legends, the mountain is one of the few landmarks ever-visible from most locations throughout the county.

The park contains over 2,300 acres of public land on the mountain, including all five of the main peaks. The Wright Peak Summit Trail includes plane wreckage from 1970 crash and stellar panoramic views of Clear Lake, the Sutter Buttes, the Snow Mountain back country and — on a clear day — Mount Lassen from the mountain’s highest peak.

Rodman Slough County Park
Bird watching, boat launch (primitive), canoeing & kayaking, fishing, hiking, lake swimming, picnic area.

A significant bioregion of Lake County containing an extensive riparian habitat system with a wide diversity of aquatic and terrestrial species of wildlife including herons, red-tailed hawks, osprey, songbirds, waterfowl, deer, gray fox, bobcat and coyote.

Rodman Slough is also an important breeding and nursery area for numerous fish species including black bass, black and white crappie, and catfish. Boaters can access the slough from Clear Lake under the bridge near the mouth of the slough and kayakers can put in at the soft launch ramp near the bridge.

Picnickers can enjoy the lakeshore park, with views of Clear Lake and Mount Konocti, anytime.

For guided nature hikes, see Rodman Preserve and Nature Center, pages 13, 14 and 16.

OTHER

Boggs Lake Ecological Reserve Bird watching, hiking, nature viewing.
F No services.

Boggs Lake is an unusual example of an upland vernal pool that occurs on volcanic substrate. The lake is not fed by streams or springs, but rather acts as a catch basin upland vernal pool that occurs on volcanic substrate.

Konocti Regional Trails

The Konocti Regional Trails (KRT) is a network of community pathways, land and water trails on and around Clear Lake that highlight the region’s outstanding scenic beauty, diverse wildlife, natural landscapes, and cultural history. Whatever your passion, the KRT will offer hiking, biking, horseback riding, paddling, or simply solitude.

Bike Trails

Lake County has hundreds of miles of gorgeous country roads to explore by bike. Trails vary from the 102-mile century ride, over 5,600 ft elevation gain around Clear Lake to a moderate 29-mile loop exploring the eastern shoreline of Clear Lake.
B Download trail maps for eleven different KRT bike rides throughout Lake County at konoctitrails.com/trails/bike

Water Trails

The Water Trail brochures are developed specifically for non-motorized boating, recreational paddlers view wildlife and scenery only accessible via water along portions of Clear Lake’s 100-mile shoreline, meandering through tule wetlands, down Cache Creek, and past heron rookeries at Rodman Slough and Anderson Marsh.

The seven KRT water trails on Clear Lake feature 50 miles of paddling trails ranging from 4 to 10 miles, and from beginner to advanced experience levels.
K For Water Trails maps and more, visit konoctitrails.com/trails/water

THE KONOCTI CHALLENGE – OCT 5

The 29th Annual Konocti Challenge is truly an adventure for cyclists of all ages and ability levels! This epic ride begins and ends on the beautiful shores of Clear Lake at the Skylark Shores Resort. There are four routes to choose from, including a leisurely 20-mile family fun ride, a relaxing 40-mile loop through the back roads of Lakeport leading into the vineyards and pear orchards of Kelseyville, and a challenging 65-mile. The 65-mile route follows the rim of Clear Lake with amazing views of the lake and majestic Mount Konocti. Registration includes extensive SAG support, a scrumptious lakeside end-of-ride BBQ, and the unique and entertaining Rest Stop Competition. The crazy antics of our local non-profit “competitor organizations” will keep you pedaling along just to see what the next stop has to offer! All proceeds benefit the local and international projects of the Rotary Club of Lakeport.
For more information or to enter, call 349-0815, register online at www.konoctichallenge.com. Also visit the Lake County Visitor Information Center website at www.lakecounty.com.

ALL THINGS EQUESTRIAN

Horseback riding options include backcountry trails in the Berryessa Snow Mountain National Monument, Mendocino National Forest, Cache Creek Natural Area, and North Cow Mountain Recreation Area as well as several miles of trails at Highland Springs Recreation Area. See pages 12, 13 and 16.

For community events involving horses, see Family Fun on pages 50-51.

Lake County Horse Council An all volunteer organization, LCHC annual events include Stay Safe: for You and Your Animals, an all day “Horse Faire” at the Kelseyville Pear Festival in September, and the annual Poker Run. So many choices!
Lake County is the place to go outdoors and get moving. Many bodies of water are scattered throughout Lake County for fishermen, boaters and watersports enthusiasts to enjoy. Lake County’s beautiful landscapes provide opportunities for a range of activities from nature-based activities like bird watching, hiking, rock hunting and wildflower tours to classics like golfing and wine tasting.

**ACTIVITIES**
- **Bird watching:** see pages 16–17.
- **Boating and fishing:** pages 18–23.
- **Calendar of events:** see pages 44–45.
- **Family Fun:** see pages 50–51.
- **Farming-related:** Farmers’ Markets, farm visits, see pages 28–29.
- **Golfing:** see pages 24–25.
- **Wine events:** see pages 32–33.

**ROCKS & MINERALS**
Lake County is the home of the Lake County Diamond, a lovely crystal-like stone of the quartz family formed by volcanic processes. Highly prized by collectors, they can be faceted and polished to make beautiful jewelry; a 94-carat faceted stone is one of many featured items in the Lake County Historic Courthouse Museum.
Lake County also has an abundance of obsidian, onyx, agate, jasper, chert, quartz, travertine, jade, petrified wood, and clamshell fossils — many of which are the result of the Clear Lake Volcanic Field. Minerals can be found in the following areas: Bottle Rock Rd, Kelseyville: LC diamonds, obsidian. Cobb Mountain: LC diamonds. Hwy 29 from Hwy 281 to Lower Lake: obsidian. Middle Creek, Upper Lake: jasper Soda Bay Rd, Kelseyville: obsidian. St. Helena Creek, Middletown: agate, jasper. Be sure to only rockhound on public lands; do not collect in areas marked as protected.

**THE GEYSERS: A GEOETHERMAL POWERHOUSE**
The Geysers is a truly remarkable place with a rich history. Native Americans, the first known inhabitants of this region, visited the thermal areas for healing and ceremonial importance. When rediscovered in the 1840s, The Geysers soon became a world famous tourist destination. Although there are no actual geysers at the wonder-inspiring region, the inaccurate name stuck. Over the past 59 years, The Geysers has emerged as the world’s leader in sustainable geothermal power. Operating since 1960, today at The Geysers steam from deep beneath the earth’s surface is harnessed from steam wells, some deeper than two miles. Once the steam reaches the surface, it is piped overland to a network of interconnected power plants, where it spins conventional steam turbines that drive generators to produce clean, reliable electricity for California.

**Did you know?**
The Geysers, the largest geothermal energy complex in the world, is nestled in the mountains between Lake and Sonoma Counties. Fueled by more than 350 steam wells, its 15 power plants generate 850 megawatts of clean, renewable base load electricity.

**Calpine’s Corporation’s Geothermal Visitor Center**
Calpine is committed to geothermal education, each year proudly welcoming visitors from all over the world. Interactive exhibits engage visitors and spark interest in geothermal energy. Open to the public Wed–Sat, 11:30am to 5pm. Visit the website for a schedule of free tours of The Geysers or to make a reservation (required).

Wine events: see pages 24–25.
Golfing: see pages 28–29.
With its rural setting and rich soils, Lake County’s landscapes are radiant with blooms, blossoms, and buds during the spring and summer. Seas of lupine and other wildflowers flood meadows with color while western redbud erupt in vibrant magenta blooms. These and other native and non-native plants cover Lake County’s valley floors, rocky hillsides, and fruit trees with all shades of bright.

Various events are held throughout the year as blooms unfold, and activities are available with opportunities to learn more about the magnificent flora. Choose from hikes with close-up looks, lectures, displays, and guided activities.

Or take one of several wildflower drives: Highway 175 from Middletown to Cobb; Bottle Rock Road from Cobb to Kelseyville; Point Lakeview and Soda Bay roads from Highway 29 west of Lower Lake to Soda Bay and Kelseyville; Highway 29 or Spruce Grove Road between Middletown and Lower Lake; Clover or Bachelor Valley roads outside Upper Lake; and the pear and walnut orchard throughout the Big Valley agricultural area surrounding the towns of Kelseyville and Finley.

Wildflower Tours at Eleven Roses Ranch ➔ April–May. Begin this spring tour with a narrated mule-drawn wagon ride that meanders through a valley rich with history, wildlife, and magnificent wildflowers, and end with an authentic chuckwagon barbecue, complete with Dutch oven cobbler and complimentary Lake County wine. Guided wildflower/nature tour includes stunning views. Barn has a collection of antique wagons and carriages and gift shop. Seasonal special events. All ages and tour buses welcome. Reservations required. 5456 New Long Valley Road, Clearlake Oaks.......................... 998-4471 www.elevenrosesranch.com
POPULAR VIEWING SPOTS

Located along the Pacific Flyway, Lake County hosts more than 300 species of birds that inhabit the diverse landscapes around Clear Lake—the largest natural freshwater lake in California. As is the trend in other birding areas, a wider variety of birds are present during the winter and early spring months.

Anderson Marsh State Historic Park

151 different species have been identified in the area, including grebes, herons, Marsh Wrens, American Coots, Mallards, Great Egrets, and other waterbirds. Winter: Bald Eagles, Acorn Woodpeckers, Nuttall’s Woodpeckers, White-breasted Nuthatches, Oregon Juncos, Marsh Hawks, Yellow-rumped Warblers, and a variety of sparrows. Viewing by foot or boat. 8825 Highway 53, Lower Lake

Borax Lake

Cache Creek Wilderness

Golden Eagle, Red-tailed Hawk, American Kestrel, Great Blue Heron, Green Heron, Western Screech Owl, Great Horned Owl, Belted Kingfisher, Pileated Woodpecker, Bewick’s Wren, Wrentit, California Thrasher, Hutton’s Vireo, Western Tanager, Rufous-sided Towhee, Brown-headed Cowbird and Purple Finch. From Clearlake Oaks, travel east on CA Highway 20 for 8 miles to the trailhead

Clear Lake State Park

Clark’s and Western Grebes are prevalent, plus Green Herons, Black-crowned Night Herons, Belted Kingfishers, and along the bed of Cole Creek, Killdeer. Land birds include California Quail, California Towhees, Scrub Jay, Oak Titmice, Northern Flickers, White-breasted Nuthatches, Acorn Woodpeckers, and sometimes California Thrashers. Winter: American Robins and Varied Thrush. Summer: nesting Ospreys and Red-tailed Hawks. 5300 Soda Bay Road, Kelseyville

Highland Springs Recreation Area

Buffleheads, American Coots, Mallards and other waterfowl. Sage and Rufous-crowned sparrows (up the canyon past reservoir). Spring and summer: Lazuli Buntings, Ash-throated Flycatchers, Nashville Warblers. 3600 East Highland Springs Road, Kelseyville

Lakeside County Park

Early and mid-spring: Yellow-headed Blackbirds, plus Redwinged Blackbirds, Pied-billed Grebes, Eared Grebes American Coots, herons, and Clark’s and Western Grebes. 1985 Park Drive, Lakeport

Rodman Preserve and Nature Center

Variety of waterfowl, hawks, an occasional eagle. Winter: flocks of white pelicans. Great viewing anytime by boat in adjacent Rodman Slough. By land, join a guided 90-minute, 1½-mile hike 9am every 2nd and 4th Saturday of the month. 6350 Westlake Road, Nice-Lucerne Cutoff, Lakeport

BIRDING 101

Head out before 10 am for the best views. This is the perfect time of day to spot birds as they are out gathering food.

WHAT TO BRING

Binoculars (with a 7 x 35 magnification)  
Sunscreen and hat  
Drinking water  
Camera  
A sense of peace and calm

NOTE

All telephone numbers are area code (707) unless otherwise listed
**BIRD GUIDE**

**GREAT BLUE HERON**

Appearance: white head, gray-blue body; up to 4’ tall

Home: lives around fresh and salt water, close proximity to other colonies

Diet: fish, frogs, crayfish, snakes

Personality trait: A fish eater with an appetite, it is willing to eat other animals and has been known to choke to death on a fish that just won’t fit in its throat.

**WESTERN GREBE**

Appearance: medium size; black back and face; long, white neck and underside

Home: saltwater bays in the winter, freshwater wetlands while breeding

**OSPREY**

Appearance: large, dark water bird with a long body and neck

Home: tree-top nests made of sticks and materials like rope, deflated balloons, plastic debris, and other junk

Diet: fish, other aquatic animals, insects, amphibians

Personality trait: Pebbles often are found in its nest, where they have been cared for as eggs.

**AMERICAN WHITE PELICAN**

Appearance: black back, white belly, just under 2’ tall with a wingspan 5’ to 6’

Home: builds nests most often on manmade structures, such as telephone poles

Diet: various fish species

Personality trait: Known as the “fish hawk,” it hovers just above water for prey and carries fish head-first to their dining location.

**DOUBLE-CRESTED CORMORANT**

Appearance: immense, white head and body, large bill and pouch, black wingtips, 9’ wingspan

Home: lives on large lakes, both coasts, in large flocks

Diet: fish, retrieved by dipping head underwater, flock often herds fish by encircling cooperatively

Personality trait: Flocks soar high in graceful V-formation, circling in unison.

**Did you know?**

The record for largest bass caught on Clear Lake is 17.52 pounds by Jerry Basgel in February 1990; the record Catfish is 33.2 pounds. Hidden Valley Lake holds World Record for a 18.5 pound bass caught on a 6 pound test line in 1992.
Whether they come for the fish or the splash, Clear Lake is a haven for boating enthusiasts. The largest natural freshwater lake in California, Clear Lake’s shores are lined with boat launches—most are free to the public. From paddle to pontoon boats, wakeboards to wave runners, rentals are available at many businesses around Clear Lake (see page 20). One of the most popular places for launching a boat is Clear Lake State Park, which features a boat ramp, marina, swim beach, lakeside camping, hiking trails, a visitor center, and a picnic area for day use.

The lake is brimming with many species of fish, including catfish, carp, crappie, and bluegill, and most notably, bass. In fact, two-thirds of the fish caught are largemouth bass. Major national bass tournament tours make a stop here; the average tournament-winning weight can be more than 30 pounds, a weight unmatched by any other lake in the nation. Clear Lake has earned a reputation for being home to “monster bass,” and those in the know refer to Clear Lake as the “Bass Capital of the West.” Even organizations like U.S. Bass, Cal Bass, and Western Bass agree that Clear Lake is the “number one bass lake in the nation.”

Northwest of Clear Lake, fishing opportunities abound in the cold, clear waters of Blue Lakes, which has rainbow trout, catfish, bluegill, and black bass; no boat may exceed 5 mph, making the lakes perfect for kayaks, canoes, paddleboats, or a quiet day of fishing or swimming. Lake Pillsbury, nestled in the middle of the Mendocino National Forest due north of Clear Lake and surrounded by mountains, has black bass, pumpkinseed sunfish, and rainbow trout; all types of boats and lake activities are welcome. Remote and peaceful Indian Valley Reservoir, to the northeast, where boats are required to stay below 10 mph, has rainbow trout, black bass, catfish, kokanee, and crappie. Southwest of Clear Lake, the North Fork of Cache Creek has rainbow trout. Due south, Highland Springs Reservoir has catfish, black bass, crappie, bluegill, and any boat without a gas-powered motor is welcome; visitors also can hike, play disc golf or horseshoes, or enjoy a picnic in the area’s oak woodland and brushy terrain.

Several businesses around Lake County offer fishing licenses and supplies, including a variety of bait and tackle. Professional fishing guides offer instruction year-round, as well as gear, sightseeing and hunting tours, nature photography opportunities, and more.

Lake Pillsbury: call 275-2361 for current status
Indian Valley Reservoir: call 468-4000 or 275-2361 for current status

Did you know?
Access to Clear Lake by boat is available at many locations around the Lake.
All boats must obtain a Quagga Sticker prior to launching.

PROTECT OUR WATERS—STOP AQUATIC HITCHHIKERS!

Love to spend time on the water? Help protect Lake County’s beautiful lakes and creeks by preventing the spread of harmful plants, animals, and other organisms, such as Quagga and Zebra Mussels. These aquatic nuisance species can hitch a ride on boats, clothing, gear, and other items used in the water and then spread to other bodies of water. If the conditions are right, these introduced species can become established and create drastic results.

Follow these simple procedures each time you leave the water:

• Remove any visible mud, plants, fish, or animals before transporting equipment.
• Eliminate all water from equipment before transporting.
• Clean, drain, and dry anything that came in contact with water or mud (boats, trailers, equipment, clothing, dogs, etc.).
• Never release plants, fish, or animals into a body of water unless they came out of that body of water.

See www.nomussels.com for current complete list of inspection sticker places

BOAT-UP!

LAKEPORT ACTIVITIES

Lake County is a different world when seen from the water. Early visitors to the county traveled from one end of the county to the other entirely by boat. Today’s visitors still enjoy a host of activities from the water. Here are things to do and places to go that you can reach by boat.

CONCERTS

Lakeport Summer Concert Series
Free outdoor concerts every Friday night, mid-June to mid-August. Local and regional musicians travel to the shores of Clear Lake to entertain residents and summertime visitors; different genre featured each week. The Gazebo at Library Park, 222 Park Street, Lakeport...........263-6113

EVENTS

Clear Lake Team Bass Tournament
Mar 16–17. Only tournament on the lake that 100% of the entry fees are paid out in prizes! Over $22,000 in prizes given last year, 1st place was $5,000! Konociti Vista Marina Lakeport..........................263-5092

Independence Day Fireworks Jul Four different days of fireworks around the lake:
• Clearlake Fireworks Jun 29
• Konociti Vista Casino Fireworks Jul 6
• Maxine Sherman Memorial Fireworks Jul 3, Clearlake Oaks
• Lakeport Fireworks Jul 4
See page 44 for more information.

Lakeport Yacht Club Spring Regatta Apr. Sailboat races all weekend; dinner Friday and Saturday nights. Lakeport...............263-5708

Rhythm & Brews Jul 20. See page 44.

Wood & Glory Boat Show Jun 8 Konociti Vista Casino & Marina Lakeport..........................278-0223

GOLF

Buckingham Golf & Country Club
9-hole golf course, 18 different tees. 18-hole Disc Golf – tee times after 12pm daily. Seasonal restaurant, clubhouse. 2855 Eastlake Dr., Kelseyville......279-4863

NIGHTLIFE

Konociti Vista Casino & Resort, Marina & RV Park
Gaming, dining, lodging, marina, concerts, banquet facilities, convenience store, and one of the biggest bars in the County! 2755 Mission Rancheria Road Lakeport......................................262-1900

Adams Springs Golf Course
14347 Snead Court, off Highway 175
Loch Lomond...................................................... 928-9992
www.adamsspringsgolfcourse.com

Located just off Highway 175 on Cobb Mountain adjacent to the old Hobergs Resort. Scenic and challenging nine-hole golf with multiple tees amid the pines and oaks, Adams Springs is a shot-makers course designed by renown architect, Jack Fleming. Adams Springs annually hosts the Lake County Amateur Golf Championship and the Lake County Junior. The course has been renovated with English-style pot bunkers, and while they are visually imposing, they are a must to avoid. The clubhouse includes a full bar and a variety of hot and cold food items from the grill. There is pleasant outdoor seating for relaxation after a great round of golf. If you haven’t experienced Adams Springs Golf Course for a while, then it’s worth the return trip or a first time trip. Try our Wednesday evening scramble from May 1st to Oct 1st; golfers of all ability levels will have a great time. Veterans of our armed forces play free on Memorial Day and Veterans’ Day.

Black Rock Golf Course
— A Moore Family Venue
16451 Golf Road, Cobb................................. 928-9611

The club is located under the pines of Cobb with softly rolling terrain in a serene setting. Beautifully manicured nine hole greens compliment the surrounding pines and Kelsey Creek, which meanders throughout the course providing both challenge and allure. The golf course and bar are open daily.

Buckingham Golf & Country Club
2855 Eastlake Drive, Kelseyville

The only golf course located just off the shores of Clear Lake, visitors can dock their boats nearby for a game after a day on the water. Rated one of the top three nine-hole golf courses in California, Buckingham is a true test of skills. The course features 18 distinctly different sets of tees with new hazards, bunkers, and a new island for the 17th hole. In 2011 Wotherspoon won the NCPGA Bill Strausbaugh award. Ted Mattila is the head pro at Buckingham Golf & Country Club. Recipient of recent P.G.A. awards, he is acclaimed as one of the top teaching professionals and junior golf leaders in the North Coast Chapter P.G.A. Lessons and clinics are offered to men, women, and children, and tournaments are held throughout the year.

Buckingham now offers 18 holes of Disc Golf; tee times can be made after 12pm daily. This is a championship-caliber course, with 3 pars, 4 pars and a par 5.

*The Tee Room offers fine dining seasonally during the summer months, with a fresh menu and a full bar. Banquet facilities are available to accommodate tournaments, as well as meetings, weddings, and parties.
Hidden Valley Lake Golf Course
19210 Hartmann Road,
Hidden Valley Lake
Pro Shop .................................................. 987-3035
Greenview Restaurant...................... 987-3146
www.golfhvl.com

Lake County’s only 18-hole course. Billy Bell of Torrey Pines Golf Course in San Diego created the concept for this championship course in scenic Hidden Valley Lake near Middletown. Tee times at golfhvl.com/teetimes.

The challenging, well-designed course offers golfers a full-service driving range, practice bunker, chipping area and putting green for warming up.

P.G.A. Pro Richard Pritchard offers golf lessons. A golf camp for youth is offered during the summer.

The pro shop is filled with men’s and women’s sports clothing, shoes and logo apparel, plus top-name golf clubs and accessories.

The Greenview Restaurant & Café serves breakfast, lunch and dinner seven days a week, and also features their popular sports bar and lounge, and a banquet room for parties and events.

Hidden Valley Lake Golf Course
19210 Hartmann Road • Hidden Valley Lake, CA 95467
707.987.3035
Lake County has deep roots in agriculture dating back 6,000 years when the Native people tended and pruned “orchards” of oak trees throughout the valleys. Settlers began planting vineyards in the 1850s, which flourished in the Mediterranean microclimates and soil rich in volcanic ash. In 1888, British actress Lillie Langtry purchased 4,190 acres in the Guenoc Valley, which had been planted with vineyards in 1854. She brought her own winemaker, introducing her first vintage in 1891.

By 1884, Lake County had nearly 600 acres of vineyards, but Prohibition (1920–1933) swiftly ended a budding internationally-recognized wine industry. Ranchers pulled out grapevines and replanted with walnut, pear, and other fruits.

Today, this rural landscape offers a rich tapestry of patterns and colors in its fields, orchards, and vineyards, continuing a heritage of farming and agricultural production that is shared graciously through agritourism, including family farm stands, seasonal farmers’ markets, farm and ranch tours, stables, bed-and-breakfast farm stays, agricultural festivals, wildflower tours, vineyard tours, wine tasting rooms, parks and nature hikes, bird watching, and more.

Lake County’s high elevation, distinct volcanic soils, and climate – hot summers and cool winters, clean air, and lots of sunshine – provide ideal growing conditions for dozens of varieties of flavorful winegrapes and many types of succulent pears including the area’s famous Mountain Bartletts. Several varieties of walnuts and olives thrive, and countless other farm-fresh delights can be discovered at local farm stands and farmers’ markets, as well as at several local grocers and wine tasting rooms.

HIGH-ELEVATION WINE COUNTRY

Today, Lake County’s winegrape industry is recognized for the superb character and quality of its high-elevation winegrapes and wines. The local industry is made up of a cadre of experienced grape growers who remain focused on planting the right varietals in the right locations and employing sustainable viticultural practices that suit the region’s mountain climate; innovative winemakers who are committed to quality and carefully crafting wines that fully express the area’s distinct terroir; professional industry groups that are leading the way with research and education in areas such as high-elevation viticulture and enology; and friendly tasting room hosts who are both knowledgeable and welcoming.

NOTE: All telephone numbers are area code (707) unless otherwise listed.
INTENSITY OF PLACE

Known as the Mountains of the North Coast, Lake County is located at the heart of Northern California’s Coastal Range where the Mayacamas and Vaca mountain ranges join and rise and is part of the prestigious North Coast appellation that also includes Napa and Sonoma. The volcanic and tectonic forces that created Lake County’s stunning geologic landscape also created an astounding array of soils, from rocky volcanic highlands to mountain valleys lined with gravelly river courses.

Approximately 10,000 acres of vineyards grace the area’s hillsides, valleys, terraces, and mountain ridges, with the majority of Lake County vineyards at 1,300 feet and above. Lake County’s high-elevation vineyards receive higher ultraviolet light levels, which foster thick grape skins and produce concentrated flavors, and dramatic day-to-night temperature swings, which retain the needed acidity to deliver both intensity and balance in the wines.

In this wine region where the elevation is higher, the summers are drier, and the winters are colder than in neighboring regions, vines endure less pest and mildew pressure, which is why Lake County ranks among the lowest in terms of pesticide use among California wine regions.

Within Lake County, seven distinct American Viticultural Areas (AVA) exist: Clear Lake, Benmore Valley, Big Valley-Lake County, Guenoc Valley, High Valley, Kelsey Bench-Lake County and Red Hills Lake County.

WINES WITH ALTITUDE

Lake County is home to more than 30 wineries and more than 200 different wine brands use its distinct vinegrapes.

The area’s two dominant wine-grape varieties are Sauvignon Blanc and Cabernet Sauvignon. Lake County is known as a prime growing region for quality California Sauvignon Blanc as the area’s growing conditions in valleys and along hillsides offer winemakers a wide range of stylistic choices – from round and soft to lean and sharp – that showcase the range of Sauvignon Blanc flavors... zesty citrus, crisp apple, lush melon, tropical pineapple, dry minerality, green herbs, fresh-cut grass.

The region also has garnered significant attention for producing Cabernet Sauvignon grapes of compelling character with concentrated flavors and higher phenolic components due to thicker grape skins – prime planting areas include volcanic soils on ridges and hillsides that contain fragments of shiny black obsidian and other rocks and minerals, as well as gravelly alluvial soils along streambeds that course through benchland and valleys.

In addition to Sauvignon Blanc and Cabernet Sauvignon, many other vinegrape varieties do well including Barbera, Chardonnay, Grenache, Merlot, Petite Sirah, Riesling, Syrah, Tempranillo, Viognier and Zinfandel.

THE LAKE COUNTY WINE ADVENTURE

This two-day celebration offers a chance to explore Lake County’s wine region. Choose a two-day passport good for Saturday and Sunday or a Sunday-only passport. Tour the region and sample distinct “high-elevation” wines paired with gourmet hors d’oeuvres at each participating winery. Music, tours, and FUN make this event an unforgettable experience. For tickets and information, visit www.lakecountywineries.org/adventure.

Did you know?
Wine editor Sara Schneider ranks Lake County in California’s top 3 best-kept secret wine regions. Sunset, March 2017
**Lake County is proud to still be home to farming, ranching and rural living.**

Our rich agricultural heritage is celebrated with long-time traditions including the following annual events:

- **Junior Livestock Auction at Lake County Fair:** see page 50.
- **Kelseyville Olive Festival:** see sidebar box, right.
- **Kelseyville Pear Festival:** see sidebar box, right.
- **Lake County Wine Adventure:** see page 27.
- **Steele Wines Harvest Festival:** see page 33.

**Farm-Fresh Produce**

Enjoy local fruits including berries, grapes and pears; vegetables; herbs; honey and jams; mushrooms; flowers; goat cheeses; bread; eggs; hay; nursery stock and plant starts; nuts; olive oil; walnuts and, of course, wine.

**Eat Fresh — Buy Local**

Visit Lake County’s seasonal farm-fresh produce stands and farmers’ markets to combine a fun outing with weekly shopping chores. Shopping locally helps support local businesses; supporting local growers helps keep Lake County green and beautiful.

**Adamson Ranch**

Shelled walnuts in winter. Appointment only. Lower Lake...............................350-1925

**Dancing Tree People Organic Orchard & Garden**

Organic walnuts. Market garden with organic fruits, vegetables, and herbs. Appointment only. Upper Lake...............................245-9076

**Eleven Roses Ranch**

See page 15.

**Hrutky’s Egg Ranch**

See chickens, egg room, and hens brooding. Fresh eggs for sale. Tuesday or Saturday, 8am–3pm. 2750 Old Highway 53 Clearlake..........................994-2317

**Mt. Konoci Growers**

Pears, sparkling pear wine; seasonal pear shed tours. Kelseyville........................279-4213

**Owen Ranch**

See page 13.

**Rancho de la Fuente**

Seasonal produce and products. May–October, daily 8am–1pm. Kelseyville..............................263-3160

**Renker Farms**

Seasonal fruits, vegetables, u-pick flowers. Open June – December, daily 9am–6pm. 2297 Argonaut Road Kelseyville..............................279-4409

**Saechao Strawberry Stands**

Open in season. 14054 E Highway 20, Clearlake Oaks 913 E Highway 20, Upper Lake

**Star Gardens Nursery**

Drought-tolerant plants, vegetables, fruit trees, natural pest control, yard art and pottery. Closed from Christmas week to mid-January. 21288 Washington Street Middletown.........................987-0998

**Yerba Santa Goat Dairy**

Award-winning goat cheeses. Farm tour. Appointment only. 6400 Scotts Valley Road Lakeport..............................263-8131

The annual Kelseyville Pear Festival is a celebration of Lake County’s agricultural heritage with an emphasis on pears. Friday evening prior to the festival on Saturday, there is a Farm to Fork Dinner down Main Street. A “Pear Pavilion” features pear tastings, cooking demonstrations, historical photos, agricultural memorabilia, fresh pears, and pear products. Stop by early to get a pear pie or turnovers, before they sell out. Sip on pear sparkling wine while the kids enjoy farm animals, a parade, horse fair, and other activities. The festival also features a fine arts exhibit, over 130 food and craft booths, wine tasting, musicians, dancers, and an antique tractor and farm equipment display. A big day on little Main Street in Kelseyville.

WHERE: Downtown Kelseyville
WHEN: Last Saturday in September
CONTACTS: 413-3503

Middletown Community Farmers’ Market
Fridays: 5–8pm
Middletown Art Center sculpture garden.
21456 Hwy. 175, Middletown

KELSEYVILLE PEAR FESTIVAL AND PARADE

The very first pears were planted here in the 1880s. Great-grandfather of Myron Holdenried (founder of Wildhurst Vineyards), Louis Henderson planted pears in 1890 and those orchards are still in production today, farmed by Myron’s cousin Diane Henderson. Thomas Porteus is credited for planting the first commercial orchard in Lake County in the late 1800s, four acres in Big Valley. L.P. Clendenin in Scotts Valley, J.B. Laughlin and George Akers of Kelseyville, and J.W. Annette of Finley followed his lead, and by 1919, 700 acres of pears were planted in the county. In the early 1920s, the California Packing Company was established and operated the largest dry yard in the world in Kelseyville, which today is the site of Adobe Creek Packing Company. Until after World War I, early fruit was dried and primarily shipped to Europe where food was desperately needed. In the mid-1920s, Europe required a tariff on imported foods just as boxing fresh fruit became the norm.

While most boxed fruit was shipped by train, Lake County—which has never had a rail system—had to haul pears by truck over the Hopland grade or to Ukiah. Throughout the 20th century, Kelseyville was revered as the “pear capital of the world.” In 1999 alone, 85,000 tons of pears were processed in Lake County—most in Kelseyville. The Lake County Pear Association was established in 2005 and works to promote the many varieties of Lake County pears. Today, Lake County celebrates its special pears and agricultural history and heritage each year with the Kelseyville Pear Festival — a daylong event that summons thousands.

PEAR HERITAGE

The very first pears were planted here in the 1880s. Great-grandfather of Myron Holdenried (founder of Wildhurst Vineyards), Louis Henderson planted pears in 1890 and those orchards are still in production today, farmed by Myron’s cousin Diane Henderson. Thomas Porteus is credited for planting the first commercial orchard in Lake County in the late 1800s, four acres in Big Valley. L.P. Clendenin in Scotts Valley, J.B. Laughlin and George Akers of Kelseyville, and J.W. Annette of Finleyville followed his lead, and by 1919, 700 acres of pears were planted in the county. In the early 1920s, the California Packing Company was established and operated the largest dry yard in the world in Kelseyville, which today is the site of Adobe Creek Packing Company. Until after World War I, early fruit was dried and primarily shipped to Europe where food was desperately needed. In the mid-1920s, Europe required a tariff on imported foods just as boxing fresh fruit became the norm.

While most boxed fruit was shipped by train, Lake County—which has never had a rail system—had to haul pears by truck over the Hopland grade or to Ukiah. Throughout the 20th century, Kelseyville was revered as the “pear capital of the world.” In 1999 alone, 85,000 tons of pears were processed in Lake County—most in Kelseyville. The Lake County Pear Association was established in 2005 and works to promote the many varieties of Lake County pears. Today, Lake County celebrates its special pears and agricultural history and heritage each year with the Kelseyville Pear Festival — a daylong event that summons thousands.

Pear Champagne

The Lady of the Lake label was originally a label on Lake County pear boxes and featured the “Lady of the Lake” holding a pear in her palm. In 2004, Mt. Konocti Growers took it upon themselves to update history by combining the area’s two best agricultural assets: pears and wine. Lady of the Lake Sparkling Pear Wine uses the nostalgic label, replacing the lady’s pear with a champagne glass.

THE LADY OF THE LAKE

The Lady of the Lake was originally a label on Lake County pear boxes and featured the “Lady of the Lake” holding a pear in her palm. In 2004, Mt. Konocti Growers took it upon themselves to update history by combining the area’s two best agricultural assets: pears and wine. Lady of the Lake Sparkling Pear Wine uses the nostalgic label, replacing the lady’s pear with a champagne glass.

Lake County’s wine industry, like other North Coast areas, got off to a rapid start in the 1870s, and many today proclaim Lake County to be one of California’s best kept secrets. What happened in between? By 1884, Lake County’s growing industry had 600 acres of winegrapes. Settlers from many parts of Europe and the United States were bringing their viticulture and winemaking expertise to the county. Notable arrivals in the 1880s included Serranus C. Hastings, founder of Hastings Law School, and Lillie Langtry, famous British actress and socialite. Each established a vineyard and winery; Langtry purchased 4,190 acres in Guenoc Valley near Middletown, which included vineyards that had been planted in 1854. She brought her own winemaker, establishing the Guenoc & Langtry Estate Winery with their first vintage in 1891. Today the winery is known as Langtry Estate & Vineyards. Young Harvard graduate Charles M. Hammond won best exhibit for dry white and red wines at the 1893 World Exposition in Chicago with wine produced at his Lake County vineyard, earning Lake County a solid reputation for producing some of the world’s greatest wines.

Several challenges faced the local wine industry. Despite concerted local efforts, a rail link to the county was never established. Since the 1870s, Lake County had been a popular tourist destination with visitors flocking to its many mineral springs resorts. However, tourism went into decline after the 1906 San Francisco earthquake and with it, part of the local market for wine. The last blow to Lake County’s wine industry came with the onset of Prohibition in 1920 as vineyards throughout the county were torn out and replaced by pear and walnut orchards. In the 1960s Lake County farmers began to plant vineyards again. By 1990, 2,700 acres of grapes were planted in the county. In 1991, the Lake County winegrape growers formed the Lake County Winegrape Commission with the objective of increasing the quality, price, and recognition of Lake County winegrapes.

Lake County has since become known as a wine region that produces winegrapes of compelling character with winemakers from across the North Coast recognizing the quality, consistency, and flavor profiles that Lake County grapes deliver to their finished wines. Vineyard acreage in Lake County has continued its steady growth from approximately 5,400 acres in 2002 to 9,445 acres today.

In 2007, Lake County vintners got together to form the Lake County Winery Association to market their wines and promote the wine region as a visitor destination.

The number of wineries in the county also continues to grow – from just four in 1995 to almost 40 in 2018. So come discover Lake County… visitors find knowledgeable growers and winemakers, welcoming tasting rooms, spectacularly scenic high-elevation vineyards, and of course, award-winning wines.

A TASTE OF LAKE COUNTY

This wine tasting event offers wines from over two dozen Lake County wineries. Purchase of a tasting ticket includes a commemorative wine glass and an opportunity to win prizes donated by participating local businesses. Downtown businesses are open for the event and festivities, as you enjoy food and wine at many tasting stations from 5–8pm, over three blocks of Main Street with live music at three locations from 1st to 4th Streets. Dancing to a live band is from 8–10pm on Main Street. Presented by Lakeport Main Street Association as a benefit for beautification of the downtown area. See website.

Celebrating over 25 years of Excellence
In 1991 legendary California winemaker Jed Steele founded Steele Wines in Lake County, California. Jed had a vision to produce small lot wines of the highest quality under the Steele, Writer’s Block, Shooting Star and Stymie labels. We invite you to visit our winery and see what 25 years of winemaking experience delivers.
Our Tasting Room is located at 1450 Thomas Dr. at Hwy 29 in Kelseyville, CA. Open Monday - Saturday from 11am-5pm.

TASTINGS

Lake County welcomes you and invites you to enjoy the diversity of wines from this highly acclaimed, ruggedly bucolic, “high elevation” mountain wine growing region, which encompasses California’s largest natural freshwater lake, dormant volcano Mount Konocti, and the cleanest air in California. Increasingly, Lake County is gaining notoriety for the quality of the wine grapes and award-winning wines. For example, the Red Hills AVA was recently cited as one of 12 “Next Great Wine Regions” in Food & Wine Magazine. Lake County has also been featured recently in publications such as Wine Spectator and Decanter magazine.

Lake County wineries feature Sauvignon Blanc, Chardonnay, Viognier, Riesling, Petite Sirah, Syrah, Malbec, Tempranillo, Zinfandel, Cabernet, and other Rhone and Italian varietals all grown in an ultra sustainable style.

Boatique Winery

Two Passions Combined—
High-Quality Wines and Antique Wooden Boats

Wine Country Destination

If you are drawn to what is exceptional and unique, make your way to Boatique Winery which is situated in the famed Red Hills in the shadow of Mt. Konocti. Here you will find a rare combination of acclaimed wines, inviting ambience, and an awe-inspiring wooden boat collection.

The congenial owners of the winery, Robert and Madi Mount, brought together an exceptional team of professionals to help create this state-of-art winery which will impress the most seasoned visitor. Located at 2266 feet above sea level, among alpine and oak forests, you will find 47 acres of rolling vineyards. Here their grapes thrive in the rich volcanic and alluvial soils before being turned over to their highly-skilled winemaker.

Boatique Offers

Award Winning Wines

R Vineyards

The Rosenthal Family has been farming grapes sustainably in Middletown since the early ‘70s. Those grapes are bottled, labeled and made available to you under the ‘R Vineyards’ wine label. The wines are approachable, fruit forward and dressed in fashionable labels. Varietal wines include: Viognier, Cabernet Franc, Cabernet Sauvignon/Cabernet Franc blend, Syrah and Petite Sirah Reba Red blend and Old Vine Zinfandel. Seasonal tasting room coming soon. To enjoy ‘R Vineyards’ wines shop local stores, visit Lake County restaurants or contact Monica or Dave by email or phone. Enjoy!

To enjoy our wines shop local stores, visit Lake County restaurants or contact Monica or Dave...........987-2760

Wednesday Sailing Races
Year round. See page 23.

For more family friendly events, see the chamber calendar at www.lakecochamber.com

Lake County is a fun, friendly destination for you and your furry friend. Well-behaved, leashed dogs are welcome in many places around Lake County, including many enticing hiking trails.

Dogs should always wear identification and rabies tags. Other doggy essentials are water and waste clean-up bags. It can be hot and dry in Lake County during the height of summer and early fall, so do not leave your dog unattended in the car.

Look for the 🐶 symbol throughout this book for places where dogs are welcome.

LOGGING & DINING

Logging: see pages 54-57.
Dining: see pages 58-62.
Dogs must be well behaved and not disruptive to other patrons.

Check Lodging and Dining for establishments that allow dogs. Call to verify, as policies can change. Some accommodations may require a nightly pet fee. Dogs may be allowed in outdoor dining areas, at the proprietor’s discretion.

The Edgewater Resort on Soda Bay Road has been featured in books on traveling with your pets, and The Lodge at Blue Lakes hosts weekend camps for dogs and has a dog agility course.

DOG ADOPTION
If you are interested in adopting or supporting local rescue dogs, check out Orphan Dog, a non-profit, all volunteer rescue group that saves and rehomes more than 250 dogs in Lake and surrounding counties every year.
LakeCountyAnimalServices.org

OUTDOOR RECREATION

Parks & Public Lands: see pages 10–13.
Leashed dogs are welcome on walking and hiking trails at Mendocino National Forest. Dogs are not allowed on developed swimming beaches even if restrained.

Off-leash dogs under owner’s voice-control are allowed on BLM properties: Cache Creek Wilderness, Cow Mountain and the BLM portion of both Berryessa Snow Mountain National Monument and Indian Valley–Walker Ridge.

Disc golfers may bring their dog with them at the Highland Springs Disc Golf Course.

A quick look at recreation areas where dogs are not allowed are in Anderson Marsh State Park, the beach at Clear Lake State Park, the national park portion of Berryessa Snow Mountain National Monument or the following areas of County parks unless listed below. Dogs that are on-leash and under their owner’s control are welcome in several County parks in the following designated, posted dog areas. Dogs also are allowed on boat launches and ramps when exiting watercraft.

Blue-green algae occurs naturally in fresh water, including Clear Lake. During periods of algae bloom, dog owners should restrain their pets from swimming in or consuming lake water as the algae could be toxic. For more information, call Lake County Environmental Health, (707) 263-1164.

Reminiscent of New York’s SoHo in the late ‘70s, Lake County’s vibrant, robust and authentic arts scene has a surprising depth of eclectic artists: fabulous writers, poets, performers and musicians; a vintage theatre featuring our own theatre company and renowned symphony; many art shows and galleries.

With its ancient lake, stunning night skies, amazing wine and agriculture, Lake County is already an attractive destination; add arts and the adventure is complete!

**ART CLASSES/INSTRUCTION**

**Earth and Fire Pottery**
Gregg Lindsley a master potter with 40 years’ experience; offers functional pottery of all kinds and classes. Call for information.
Cobb........................................490-7168

**Lake County Arts Council**
Offers a variety of art classes, please see website for more information.
325 North Main Street
Lakeport .................................. 263-6658
www.lakearts.org

**Lake County Wine Studio**
A wine shop exhibiting a variety of works by local artists. Gifts and wine tasting are also available.
9505 Main St. #1, Upper Lake... 275-8030
lakecountywinestudio.com

**Middletown Art Center**
Classes for children and adults by different instructors are offered. See website for complete calendar.
21456 Highway 29
Middletown ......................... 809-8118
www.middletownartcenter.org

**Cobb Mountain Artists**
A cooperative artists association open to artists and craftspeople of all skill levels.

**ARTIST GROUPS**

**Bachelor Valley Gourd Club of Lake County**
............................................ 275-3469

**Lake County Wine Studio**
A wine shop exhibiting a variety of works by local artists. Gifts and wine tasting are also available.
9505 Main St. #1, Upper Lake... 275-8030
lakecountywinestudio.com

**Lake County Arts Council**
The mission of our art organization is to encourage and develop the arts and cultural activities in Lake County by coordinating, developing, sponsoring and providing assistance in all artistic and cultural endeavors.

**Art in Public Places** is an ongoing art exhibit program at the Lake County Superior Court to expand the vitality in the community. The First Friday Fling, at Main Street Gallery, is a fun opportunity to meet the artists, listen to music and enjoy wine and appetizers.
More information........... 263-6658
www.lakearts.org

**Lake County Rural Arts Initiative**
The Mission of our organization is to be the catalyst for arts and culture as a driving force in Lake County’s economic development and cultural enrichment (important to everyone, especially our children). LCRAI is putting together a mural contest to kick off the mural trail and support the entire Rural Arts Initiative. This will feature 5-6 locations around the County with sponsors supporting the contestants. Sponsors’ donation will go to muralists, a money prize and a college scholarship fund for a high school student who will be going on to a degree in “arts”.
More information.......... 278-4018
www.lcrai.org

**GALLERIES**

**Art House Gallery**
Works by local artists, classes, art for sale.

dArtFrog Gallery
www.DArtFrogPhotography.com

A wide variety of local photography, art and gift items in an eclectic mix of styles and mediums are highlighted and sold in these charming cottages next to Lucerne Harbor Park on the lake.
THE LAKE COUNTY QUILT TRAIL

Visitors can explore the art and agricultural heritage of Lake County by following the Lake County Quilt Trail – the first quilt trail in the state of California. A project of the Kelseyville Pear Festival that began in 2010, the Lake County Quilt Trail celebrates classic American folk art on display in rural, agricultural communities.

Today, more than 100 vibrantly colored quilt blocks adorn the area’s barns, pear-packing sheds, tasting rooms, and other historic and agricultural buildings. An all-volunteer team creates each of the 4- or 8-foot square painted wooden squares with a unique quilt block pattern selected to illustrate the history of the building, honor farming, celebrate family, or pay tribute to the generational history of beautiful quilts.

The Lake County Quilt Trail builds on a concept that began in Ohio in 2001 and has grown to become the American Quilt Trail, a large network of organized quilt trails that today features more than 3,000 barn quilts across 40 states and Canada.

Lake County visitors can experience this beautiful example of Art in Rural Places by downloading a self-guided driving map: www.lakecountyquilttrail.com

EVENTS

Don’t miss the quilt show at the Lake County Fair (8/29–9/1), plus:

Falling Leaves Quilt Show 🍁
First Saturday & Sunday in October.
Fairgrounds.

www.llqg.org

Quilt Show Month of August,
Lower Lake Schoolhouse Museum.
16435 Morgan Valley Road
Lower Lake: 995-3565

SHOPPING

Kerrie’s Quilting
Fabrics, books, notions, classes, retreats. 1853 North High Street
Lakeport: 263-8555
www.kerriesquilting.com

NOTE All telephone numbers are area code (707) unless otherwise listed.
Whether for an overnight stay, a weekend away, or a weeklong family reunion, you’re sure to find the right place to make the most of your visit to Lake County. You might choose a full-service resort where you can sink into the pampering of massage hands, a tranquil room in a warmly restored inn, or a lakefront cabin just steps from a boat launch to Clear Lake and its myriad of activities.

For your convenience, the following listings indicate type of lodging establishment, location, phone number, Web site address, and number of units and/or sites. Additional details about each establishment are specified by icons that indicate RV or tent sites, an RV dump station, handicap accessibility, pet policy, lake access, boat dock or launch, and nightly rates.

For assistance with lodging availability, contact the Lake County Chamber of Commerce at 263-5092 or toll free 866-525-3767.

TRANSPORTATION

DRIVING DIRECTIONS

From the Sacramento Valley
From Interstate 5 at Williams, travel west onto Highway 20 (the Tahoe-Pacific Heritage Corridor). The drive from Sacramento is just over 100 miles and takes about two hours.

From Alameda, Contra Costa, Solano, and Napa counties
Take Highway 29 through Calistoga and over Mt. St. Helena into Middletown. From there, you may choose to turn on Highway 175 over Cobb Mountain ending in the Kelseyville area; or continue on Highway 29 to its intersection with Highway 53 at Lower Lake. Turn left on Highway 29 for Kelseyville and Lakeport. Continue north on Highway 53 for the city of Clearlake, and beyond to Highway 20, Clearlake Oaks, and the north shore.

From San Francisco, Marin, Sonoma, and Mendocino counties
Take Highway 101 north; at Hopland, take Highway 175 for 19 miles to Lakeport, or skip the twists and turns of Highway 175 by continuing north on Highway 101 and then taking Highway 20 east, just north of Ukiah.

Did you know?
Located midway between California’s Pacific Coast and the Central Valley, Lake County rarely experiences coastal or valley fog, which translates into lots of sunshine… an approximate annual average of 78% of possible sunshine.

HEALTH CARE

HOSPITALS

Adventist Health Clear Lake and its Affiliated Medical Offices
Adventist Health Clear Lake (AHCL)’s hospital and nine clinic locations are
where hope meets healing in Lake County. A team of more than 40 physicians, 520
employees and 51 volunteers are united by the vision of transforming the health
experience of our community by improving health, enhancing interactions and making
care more accessible. A part of Adventist Health, AHCL is a non-profit, faith-based
organization proudly putting its mission to live God’s love by inspiring health,
wholeness and hope every day. Through investments in advanced technology, bright
and welcoming spaces and community wellness programs, AHCL is committed to
making Lake County healthier for our friends and neighbors.
Adventist Health Clear Lake Medical Center is a 25-bed critical access hospital
serving Lake County with key services including 24-hour emergency care, medical
imaging, intensive care, maternity and laboratory services. Adventist Health Clear
Lake Medical Offices provide primary and specialty care services in communities
throughout the county, including family medicine, pediatrics, cardiology, OB/GYN,
behavioral health, dental care, eye care and pain management. Additional outpatient
services help patients with physical therapy, cardiopulmonary care, pulmonary
rehabilitation and sleep disorders.

Sutter Lakeside Hospital
Sutter Lakeside Hospital is a community based, not-for-profit 25-bed critical access hospital serving the healthcare needs of residents of Lake County and its surrounding communities. As a member of the Sutter Health family, one of the nation’s leading healthcare providers, Sutter Lakeside Hospital’s patients benefit from the combined expertise of over 48,000 professionals and the latest in advanced technology and medical research. The Sutter Lakeside campus offers a broad range of services, including a Family Birthing Center, an Intensive Care Unit, a Surgery Center, a Medical Imaging Department, a Level IV Trauma Center/ Emergency Department, Outpatient Care Services, Rehabilitation/Speech/Physical Therapy services, Laboratory services, a Family Medicine Clinic, a Community Clinic, a mobility park, Cardiology Services, Nuclear Medicine Services and Respiratory Therapy services.
Over 100,000 patients visit the hospital on an outpatient basis annually. The Emergency Department treats more than 17,000 patients, and the Family Birthing Center welcomes over 300 newborn babies to the community each year. Sutter Lakeside Hospital also partners with First Five, Tribal Health, and Mother-Wise to help create the cornerstone of Sutter Lakeside’s mission to health and healing in Lake County. The hospital is accredited by the Joint Commission.

EDUCATION

COLLEGES

Lake County Campus of Woodland Community College

The Lake County Campus (LCC) is located on 12.7 beautiful wooded acres in Clearlake, offering excellent educational opportunities in south Lake County. Part of the Yuba Community College District since 1973, LCC became part of Woodland Community College (est. 2008) in July 2016.

Students can earn an Associate degree in a variety of disciplines. The new statewide Associate Degree for Transfer program allows graduates to transfer to a CSU/UC as a junior. Technical certificates to launch a new career are also available, many of which can be earned in just one academic year. Students interested in pursuing a health career program such as Nursing or Radiology can complete their preparatory courses at LCC.

LCC offers a full-service higher education experience, with financial aid, academic advising, tutoring support, reference & research library, transfer counseling, and more. Many state programs are also available for first-generation, low-income, or single-parent students to help you succeed.

Rich in diversity, the Lake County Campus environment reflects a culture of inclusion with faculty, staff, and students who care about and support each other. Explore the positive and enriching educational opportunities at the Lake County Campus of Woodland Community College. Call today and find out how Lake County Campus can help ensure your success!

Mendocino College Lake Center

A local link to the California Community College System, Mendocino College offers a healthy selection of classes, programs, and services to Lake County residents. Mendocino College is a two-year public community college. The Lake Center offers courses that lead to college degrees, certificates, improved job skills, transfers to other colleges and universities, and lifelong learning. Many services supporting student success are provided.

The Lake Center is part of the Mendocino-Lake Community College District. District voters supported a bond measure which resulted in the January 2013 opening of a new state of the art campus featuring 10 instructional classrooms, a student learning commons, study rooms, administrative center for counseling, financial aid and other student support services, and landscaped outdoor learning areas.

Did you know?...that from 1850 to 1852, all of the territory now known as Lake County was part of Mendocino County? In 1852, Napa and Mendocino Counties divided Lake County through the center of the lake. In 1855, Napa County took control of all of Lake County. On May 20, 1861, what is known today as Lake County was established.
Note: Amenities icons shown on this countywide map show only those which lie outside area maps (pages 99–117), where you will find more details.
Imagine a getaway: Ride back roads through forests glowing with fall color. Hike mountaintops and catch glimpses of faraway, snow-capped peaks. Kayak up creeks through marshlands filled with the sounds of migrating birds. Soak in serene pools of water warmed by ancient hot springs. Lay on the lawn and listen to a concert at the old fashioned bandstand in the park. Discover wineries and tasting rooms. Jump on a jetski and tear off across a vast expanse of lake...

What do you feel like doing? Come. Relax. Slow down. Breathe. Get away. It’s so close. Come and visit, or come to stay. Whether you’re here for a weekend, or the rest of your life, the many vibrant communities of Lake County are waiting to be discovered. Let us be your guide.

Now imagine living in the woods, or on the lake, or over a babbling stream. Commute to work, or work at home. Find community among people who, like you, have not only found their paradise – but decided to live there.

Lake County is located about equidistance between the northwest coast of California, the state capital of Sacramento, the wine country of Sonoma, Napa, and Mendocino counties, and the San Francisco Bay area.

Since the summer/fall of 2015 Lake County has suffered numerous disastrous wildfires, the Mendocino Complex fires in 2018 were deemed...
Did you know?
Lake County has the cleanest air of all California counties — 29 consecutive years — and ranks No. 4 in the nation according to the American Lung Association’s 2018 State of the Air report.

the most disastrous in the State of California until the Camp Fire struck further north in the Paradise areas. Each Lake County fire and the floods of the winter of 2016-2017, have proven the resilience of the communities in the County. The residents/businesses and organizations have supported each other in many ways. We are LAKE COUNTY STRONG!

Lake County covers 1,327 square miles, at elevations ranging from 1,099 to 7,056 feet above sea level. Its climate is temperate, yet it still offers the beauty of all four seasons, and its terrain varies from thickly-forested mountains, to oak-studded rolling grasslands and hills, to pristine shady streamside valleys, to lakeside coves and peninsulas.

The communities here are just as varied as the terrain. There are two incorporated cities, the county seat of Lakeport on the western shore of Clear Lake, and the City of Clearlake on the eastern shore. Around the lake and scattered throughout the hills and valleys are myriad small communities, some of which began as spas, resorts, and vacation getaway destinations. Other communities began as ranching or farming centers, steamboat landings, postal stations, mining centers, or stagecoach stops. Today these communities reflect their varied heritages and offer a wide range of choices of places to visit, to do business, and to live.

Turn the page to learn more about the neighborhoods of Lake County.
Lakeport is located on the west shore of Clear Lake about two hours north of San Francisco and west of Sacramento. The city has a distinctive, small-town character with strong community values, a business-friendly attitude and an emphasis on promoting quality of life. A tourist and recreational destination, the city hosts numerous activities and events throughout the year including youth and adult recreation programs, world-class bass fishing tournaments, wine festivals, a seaplane fly-in, cultural entertainment, concerts in the park, biking, water sports, bird watching, fine dining, and much more.

As the oldest incorporated community in Lake County (1888), and as the county seat, the city is the regional center of commerce and governmental activity for the area. State Highways 20, 29 and 175 provide scenic access to the area. Lampson Airport is located two miles to the south.

Lakeport has a population of slightly over 5,100 residents with neighborhoods surrounding a historic downtown area, a land area of 2.7 square miles and median age of 40.8 years. The city’s retail trade population is over 35,000 people. Commercial areas are located along the city’s arterial roadways, away from residential neighborhoods.

According to a recent business climate and community assessment:
- Lakeport is an alternative to big city living.
- Lakeport’s downtown offers a unique ambiance with lakefront vistas, and the Historic Courthouse Museum Square.
- Lakeport is designated a California Main Street City.
- Lakeport is home to many businesses that attract hundreds of area shoppers to the community each day.
- Lakeport has an impressive mix of businesses that serve the everyday needs of local residents and workers.

Lakeport offers great access to Clear Lake — the largest natural freshwater lake located entirely within California — with several free public boat ramps, making it popular for fishing, bird watching, sailing and kayaking. Motels, bed and breakfast inns, campgrounds and vacation rental accommodations are available. Westside Community Park offers soccer, baseball and softball fields along with a dog park and the Forbes Creek (walking) Trail and ten horseshoe pits in its 60-acre development.

With a broad array of entertainment, quality housing and accommodations, unique events, and friendly people, Lakeport offers variety to all while maintaining the quintessential charm of a small town. Residents enjoy excellent schools and many extracurricular activities for children. Mendocino College offers a full curriculum of courses year-round at its Lake Center campus.

Lakeport’s wonderful weather and exceptional environment make it quite simply a great place to live, work and visit.

Learn more at CityofLakeport.com
Kelseyville, a friendly country town, is one of Lake County’s prized gems. Visitors and residents are drawn here every day because they love to experience that downtown country friendliness and charm that is the essence of Kelseyville. Downtown Kelseyville is settled at the western base of Mt. Konocti which is one of Lake County’s most recognized and picturesque icons. In addition there is the agricultural countryside and vistas that consist of rolling hills, vineyards, pear, walnut and olive orchards that add rural delight to the area. The downtown ambience is found in the historic street lamps, pear trees, wooden quilts that hang from buildings and the charming shops, wine tasting rooms, craft brewery, tavern, special lodging and eateries.

Kelseyville is a special destination due to a very connected community that gets involved in the area businesses, schools, churches, service groups, events and activities. Community members take pride in the town’s historical sites, recreation, lodging, dining, and shopping.

Kelseyville has many special events throughout the year. The longest running event is the Kelseyville Pear Festival which has celebrated 26 years of success and takes place on the last Saturday in September. A fun new culinary experience on Father’s Day is The Lake County Beer, Wine and Swine Baconfest. At Baconfest Kelseyville hosts regional restaurants, caterers and culinary schools to compete for the best bacon dishes. Another new festival in September on Main Street is Dia de la Independencia De Mexico which is a colorful Mexican festival. Visitors enjoy traditional Mexican foods, drinks, music, piñatas for the children and a much more.

Kelseyville closes their year of fun in December with the traditional Christmas in the Country. This is a taste of rural America at it’s best and happens on the first Friday evening in December. It features a lighted parade, merchant open houses and a tree lighting ceremony.

Many other great events happen in and around Kelseyville throughout the year. Choose a month, any month, there’s always something fun happening in Kelseyville.

For more information about Kelseyville, go to www.VisitKelseyville.com.
This wonderful mountainous area affords fantastic views of Clear Lake and its north shore. Swimming, fishing, boating, and other water sports are popular in Soda Bay (named for the bubbling soda springs offshore) because the bay is sheltered from wind by the promontory of nearby Clear Lake State Park. The state park offers visitors great opportunities to hike, camp, swim, and even learn about the flora and fauna at the informative visitor center. Homes and small lakefront resorts ring the bay. Some resorts are family-style offering RV spaces and rental boats; some are known for their dog-friendly policies. A new resort has surfaced offering upscale cottages (8) which can be utilized for retreats, family reunions, weddings, etc. A small market and a coffee shop offer nearby convenience.

Buckingham boasts a challenging nine-hole golf course which has added an 18 hole Disc Golf course. Beautiful homes abound on the Buckingham peninsula from the top of the ridge to lakeside; the views are amazing. A full-service marina is at the eastern tip of the peninsula; Braito’s Marina offers fuel and covered/open slips. The neighborhoods of the Rivieras, located from water’s edge to the towering slopes of Mount Konocti, include Riviera West, Clear Lake Rivieras, and Riviera Heights, all with unparalleled views. A small shopping center located in Clear Lake Riviera is home to a gas station, market, salons, fitness studio, coffee shop, bakery, and pizza parlor.

Richmond Park Bar & Grill (located on the shore below Soda Bay Road) offers dining, RV spaces and fuel, dock space for those who arrive via the lake, and live entertainment most weekends.

A long standing attraction in this area is Konocti Harbor Resort, long known as a full service resort. Closed in November 2009, the resort was purchased in early 2018 and will be re-opening in the spring of 2019 after extensive restoration and remodeling. Families will once again enjoy those vacation experiences everyone seeks. The resort will also feature full conference facilities and an indoor concert venue.

The Riviera Hills restaurant with adjoining tennis court and swimming pools is located on a hilltop with spectacular views of Clear Lake and the mountains across the lake – a beautiful backdrop for great dining and a wonderful facility for weddings, receptions, and events, or for just enjoying the view.
At the far northwestern edge of Lake County lies the bucolic community of Blue Lakes. Renowned for their crystal clear, spring-fed waters, Upper and Lower Blue Lake, respectively, provide a year-round recreation destination for locals and visitors alike. Nestled among forested canyons, the Blue Lakes is a scenic 10-minute drive from historic Upper Lake, and 30-minutes from Lakeport, the County’s civic hub.

If you’re looking to make a weekend of it, lodging options range from upscale to camping. For water lovers, bring your kayaks, canoes, standup paddleboards, or rent an electric yacht. With boat speeds limited to 5 mph, you’ll enjoy Blue Lakes’ natural beauty in a tranquil setting.

Bring a bathing suit or fishing rod. The deep, clear waters of Blue Lakes is an oasis on a hot summer days. The Blue Lakes boasts an abundance of bass and bluegill, and stocked monthly with rainbow trout. Experienced and novice anglers can drop a line and stand a pretty good chance of reeling one in. Blue Lakes promises and delivers peace and tranquility!

---

Did you know?

Indians believed in a legendary “Monster of Blue Lakes,” or “Devil Fish,” which was said to be half-fish and half-horse, between ten and twenty feet long, and was said to appear only once every ten years. Its presence was believed to signal the onset of great calamities.
Located on the north end of Lake County is the charming community of Upper Lake. Established in 1854, the pioneer town was at the end of the stagecoach line which carried affluent visitors from the Bay Area to chic mineral springs resorts to “take the waters.” When that fad ended, the town continued to attract businesses in the timber trade.

Major renovations occurred in 2010, including Victorian-style street lights, a welcoming town arch and an historic town clock. A new generation of shopkeepers, innkeepers, and restaurateurs has sprung up. Today, the restored Tallman Hotel provides an elegant and romantic lodging experience and has become the anchor for the town, along with the Blue Wing Saloon. A stroll down Main Street reveals a variety of gift shops carrying unique and local goods, antiques, Americana and art. Restaurants and cafes offer delicious sandwiches, Mexican fare, baked goods, and California cuisine. For a comprehensive selection of local wines, Lake County Wine Studio offers tastings, monthly artists’ shows with music and wine and food pairings.

Entertainment abounds throughout the year. The Blue Wing Saloon has live music on Sunday, Monday and Tuesday evenings. The Tallman Hotel hosts concerts during the winter and an annual Blues Festival in August. Special events include Wild West Day which is celebrated in June. A picturesque light parade down Main Street takes place in December, followed by a tree-lighting ceremony, with caroling and fun for everyone. A relaxing, low key escape beckons all visitors.

Did you know?
The Bank of Upper Lake, built in 1921, was a tribute to the agricultural-based prosperity of the area, which included ranching, pears, walnuts, and Blue Lake beans. Today the original bank building is home to the Upper Lake Mercantile.
Lucerne and Nice are two lakeside communities along the north shore of Clear Lake on State Highway 20, the major east-west thoroughfare in Lake County. Long, beautiful stretches of shoreline are shaded by large pepperwoods and giant oaks, and spectacular redbud shrubs bloom throughout the area in springtime. Several resorts and campgrounds offer visitors a place to stay, and public beaches, parks, and harbors provide many opportunities to enjoy the lake.

With the steep Bartlett Mountain Range as its backdrop, the lakeside town of Lucerne is often referred to as “the Switzerland of America” with terrain and sweeping views reminiscent of the Alps. The town of Nice was named in June 1871 after the small town of Nice, France. The historic 1928 Lucerne Hotel on seven scenic acres provides a grand landmark overlooking the lake and is a notable building of interest.

In the community of Lucerne, as part of the Lucerne Promenade between State Highway 20 and Clear Lake, the new Third Street Pier area provides visitors opportunities to enjoy a view of the north bay of Clear Lake and Mount Konocti. A favorite of travelers to Lucerne is the oldest franchise restaurant in Lake County, Foster’s Freeze.

Hinman Park in downtown Nice features an attractive gazebo in the center of the park, palm trees, a lush lawn, and other amenities that are enjoyed by visitors and residents alike. The County’s Keeling Park provides a public boat launching facility, a playground, swimming area, boat dock and other popular amenities. Further to the west the new Hammond Avenue Park offers playground equipment, a multi-use sports field, bleachers, a parking area and new restroom.

Nice is home to several other tourist-oriented businesses and attractions, such as a quirky lunchbox museum, a unique caboose-themed B&B, and a world-class lakefront timeshare facility that is a destination in and of itself. Its lodge was built in 1904 as a private residence, and became the Clear Lake Lodge in 1922, operating as a hotel with a pool and even a casino.

Did you know?
The historic Lucerne Hotel (once known as “The Castle”) was part of a grand vision for Lucerne. Built on the best site in town overlooking the lake, it was connected to the newly constructed Ukiah–Tahoe Highway (Highway 20) by a wide boulevard, which was later to be converted to a canal for a water linkage between the lake and the Hotel.
GLENHAVEN AND CLEARLAKE OAKS

THE EASTERN TIP OF THE LAKE

The small towns of Clearlake Oaks and Glenhaven are the “gateway” to Clear Lake — the first lakeside communities seen by travelers heading west on State Highway 20.

“The Oaks” downtown area features Nylander Park and The Plaza. Clearlake Oaks Beach and Boat Launch is just a short walk away. The very popular Catfish Derby — now in its 36th year — will be held May 17–18–19; it kicks off at noon on the 17th with the weekend festivities centering around the Clearlake Oaks Fire Station. www.clearlakeoaks.org/derby

Visitors enjoy wine tasting at beautiful Brassfield Estate located in High Valley. A short drive east on Highway 20 are Noggle and Cache Creek Vineyards & Winery — a great spot to view Tule Elk while playing a game of bocce or sipping a glass of award-winning wine. Cache Creek brings continuing entertainment to visitors and residents.

As the closest community on the west side of Hwy 20, Clearlake Oaks is also a gateway to the new Berryessa/Snow Mountain National Monument. Established in 2016, the new monument crosses seven counties and encompasses 330,780 acres of extraordinary landscape, recreational opportunities and wildlife.

Oaks residents and businesses consistently pitch in with donations of money, time, and materials for local projects. The most recent effort is at Clarks Island, located next to the downtown Chevron on Highway 20 and accessed via a footbridge. The Clarks Island volunteer effort focuses on ecotourism and the environment. Components include natural earth building, a kayak launch, picnic tables and indigenous plantings. It is also one of the best locations to watch the annual Clearlake Oaks Fireworks Display on July 5, 2019. Community members and businesses raised money to purchase the island, which was planted with rescued cattails. Volunteers also pitched in to build an adobe entryway kiosk and bench using simple natural building techniques and local clay.

Clarks Island also is a stopping point for the Rattlesnake Island Water Trail, one of eight kayaking trails which highlight unique aspects of the geology; culture and wildlife of Lake County, allowing paddlers to enjoy beautiful scenery while learning about the environment.
Spring Valley, at the eastern end of Long Valley, is approximately 12 miles outside of Clearlake Oaks, off of State Highway 20. The area is set in oak woodlands; Chalk Mountain is a prominent landmark. The abundant wildlife includes deer, rabbits, raccoons, Roosevelt Elk, coyotes, fox, bear, and mountain lion, plus a myriad of avian species.

There are currently 1,035 residents living in homes and ranchettes. The subdivision is a County-maintained water and road district. There is an active home owners association but membership is voluntary. Fire service is provided by the Northlake Fire Protection District and a volunteer manned fire station is located in the valley. Police service is provided by the Lake County Sheriff's Department; mail service is rural delivery six days per week out of the Clearlake Oaks Post Office; and Konocti Unified School District provides school bus service. Medical services include St. Helena Hospital, Clearlake and Sutter Lakeside Hospital. Amenities include access to both BLM land and the Mendocino National Forest, an active Community Center, as well as two major creeks, Wolfe Creek and Cache Creek, and a small lake for recreational enjoyment.

Local services include a small convenience store, several real estate agents, a financial planning office, bookkeeping, notary and tax service, yard maintenance and handyman services, and heavy equipment operators. Shopping, as well as access to Clear Lake, is available in the City of Clearlake or the town of Clearlake Oaks, a short 15-minute drive away.

**Did you know?**

The Tule Elk — so named because it used to live among the tule marshes of Clear Lake — is native to Lake County. This magnificent animal had almost disappeared when the Fish and Game Department restocked local herds in the 1980s. Today, large herds can be seen at Lake Pillsbury and east of Spring Valley along Highway 20. Listen for the distinctive bugle call of breeding males in late summer–early fall.
Stretching along the eastern shore of Clear Lake, the City of Clearlake was incorporated in 1980. Known as the "Highlands" prior to incorporation, the city meanders over hills throughout its 10.5 square miles. Development of the area began in 1922 and became popular as a tourist destination due to its incredible shoreline. Beautiful vineyards can be seen all around the outskirts of the city.

Within the city are three lakefront parks including Austin Park, Highlands Park, and Redbud Park, each with its own special amenities:

Redbud Park is popular with boaters, anglers, and bass tournaments due to a huge parking lot set up for boat trailer parking and the new Thompson Harbor launching facilities that are the best on the lake and provided free of charge by the City.

Clearlake boasts the only public sand beaches along the lakefront at Austin Park and at Highlands Park. Austin Park has a beautiful stretch of beach with a large playground on one side of Lakeshore Drive, along with a basketball court, tennis court, and skate park on the other side. Additionally, there are plans for a dog park, new kiddie park, live performance stage, and a waterfront trail in the works for Austin Park.

Highlands Park is the home of the Clear Lake Chamber of Commerce/Visitor Information Center. Come into the Visitor Information Center for maps, tips, and other information about things to do, places to stay, or places to eat. Highlands Park is very popular for fishing off the point. Future plans for Highlands Park include tournament grade horse shoe pits, bocce ball courts, "corn hole" sets, new restrooms, and covered areas.

Clearlake has the largest population center in the county at over 15,500 residents, and is a growing business and retail center:

Tractor Supply Company and Big 5 recently opened new stores in Clearlake, and Walmart, the largest retailer in the county, recently renovated their store.

Adventist Health Clear Lake continues its growth pattern in Clearlake by expanding services, building clinics, and hiring new health care professionals.

The commercial cannabis industry is also growing in Clearlake as the city has updated ordinances to approve and regulate the legal cultivation, production, distribution, and retailing of cannabis.

Clearlake also boasts the only Opportunity Zones in the county, a designation that provides tax incentives for investment in designated census tracts.

Come visit Clearlake and see why the community embodies the motto, “Living the Lake Life.”
Historic Lower Lake is located at the southeastern end of Clear Lake where two major Native American trails crossed. Founded in the late 1850s, the town soon became the center of commerce for the region. Lake County was created out of the northern portion of Napa County in 1861. Lower Lake vied with Lakeport to become the county seat, succeeding in winning that distinction from 1867 to 1870.

The town features some of the oldest buildings in Lake County and prospered in early years from nearby mining of sulfur, borax, and quicksilver. The first jail in Lake County, a stone structure of just one room, is said to be the smallest in the United States. It is California State Historical Landmark #429.

The Lower Lake Historic Schoolhouse Museum, built in 1877, served as a schoolhouse until 1935. Due to the hard work of a grassroots organization, the schoolhouse was restored and reopened in 1993 as a fine museum. The building has a distinctive Mansard roof, remodeled in 1906 after the great California earthquake damaged the bell tower. The 16-foot-tall ceilings and nine-foot windows give the museum its true historic character. Displays include a schoolroom, Victorian parlor, gems and minerals, and Native American and pioneer artifacts. The upper floor auditorium serves as a venue for cultural and community events.

Other historic sites in Lower Lake are the Pioneer and Lower Lake Cemeteries; and Anderson Marsh State Historic Park, just north of town, which features a ranch house, archeological sites, and nature trails. The United Methodist Church, built in 1884, and Tuscan Village burned in the 2016 Clayton Fire and are being rebuilt.

Lower Lake offers hometown shopping with a variety of businesses, including coffee shops, BBQ, pizza, wineries, antique stores and a nationally known candle business. Memorial Day Weekend features Lower Lake Daze with a parade and festival. Lower Lake offers visitors an opportunity to truly step back and “stroll around” enjoying history in rural America.
Cobb is a ‘Four Season Wonderland’ in the Mayacamas Mountain Range, with elevations from 2,400 to 4,722 feet. Trees become more majestic with each rise in elevation: forests of pine, oak, fir, madrone, and cedar are enlivened with dogwood, redbud, and wild lilac blossoms. In September 2015 a devastating fire struck a heavy blow to the Cobb community. For the most part, the main Cobb business section was untouched, however the surrounding areas were hit hard. Historic Hoberg’s Resort was destroyed but in December 2018, plans are being proposed for a new resort complex to include various amenities, vacation cottages and eventually single family homes.

Currently there are many beautiful new homes being built with many more in the works, following the fire. Boggs Mountain Demonstration State Forest officially reopened September 22, 2018 after suffering the loss of thousands of trees in the 2015 Valley Fire. Reforestation efforts with plans to plant over 100,000 trees have begun. The Nature Conservancy offers guided tours of Boggs Lake Ecological Preserve, a protected vernal pool.

Many artists and published authors call Cobb Mountain home. The communities surrounding Cobb Valley began in the late 1800s when several famous volcanic hot springs resorts attracted people seeking remedies for their ailments. Today, summer visitors flock to find respite among the pines. A water bottling plant, post office and gas station can also be found on the mountain. Golfers enjoy two high altitude 9-hole courses nestled under the pines. Adams Springs operates daily and will soon complete rebuilding the clubhouse which was lost in the fire. Black Rock Golf Club was purchased by the Moore Family. The golf course and bar operate daily.

After the fire a strong sense of community – exemplified by the motto “Cobb Strong” – can be felt as friends gather to enjoy a game of golf, pizza, a specialty coffee shop and a roadhouse serving all 3 meals, featuring Mountain Soul Food.

Did you know?
John and Esther Cobb moved from Kentucky to the Cobb Valley in 1853, and built a saw and grist mill on Kelsey Creek in 1857 (it burned down in 1867).
Did you know?
Hidden Valley Lake was part of the 21,000-acre Rancho Guenoc in the mid-1800s. One of the last Spanish land grants, the ranch extended from the small town of Guenoc on Putah Creek, to the east, and what would later become Lillie Langtry’s estate in the late 1800s.

Hidden Valley Lake
A UNIQUE PLACE TO OWN A HOME

The Hidden Valley Lake subdivision is truly a unique place to own a home. Just north of Middletown, the main entrance is on Highway 29 in the southwest corner of Lake County. The surrounding area offers many of the amenities of city living, such as excellent schools, hospital, police and fire protection, and cultural activities, but still provides the many benefits of living in a community located in a more rural setting. Two shopping centers adjacent to the community provide a market, restaurants, and other shops and services.

Hidden Valley Lake offers something for everyone—whether a young family looking for a place to raise children, a retiree interested in playing golf or fishing, or simply a person looking for the good life at a reasonable price. The only way to truly appreciate the community and all that is has to offer is to take a tour and see for yourself.

Commanding spectacular views of the lake valley from the banquet room and the golf course valley from the pool area, the hilltop activity center is one of those rare places where it is a joy just to be there. The building, with its long entry trellis, lighted parking lot, and attractive post-and-beam architecture, was designed as a restaurant and banquet facility by the original developers. The facility includes a large kitchen, banquet room with adjoining outdoor deck, bar, dance floor, and restrooms, and is used for banquets and special occasions.

From April to September, a monthly Concert on the Green takes place at the Hidden Valley Lake Golf and Country Club. For more information, see page 46 or go to www.golfhvl.com.
Middletown, which began as a stagecoach stop midway between Calistoga and Clearlake, became a town in 1870. It has suffered two devastating fires – the most recent in 2015 – yet still retains its old-fashioned western charm. Most of the original buildings in the downtown business district survived the recent “Valley Fire.” Community spirit is strong, as evidenced by the turnout at the Mustang’s first High School football game after the fire, even though many of the faculty and students had lost their homes. Though decimated by the Valley Fire, nearby historic Harbin Hot Springs is being rebuilt.

Shop, dine, wine taste, and explore locally – and support Middletown as it rebuilds. Middletown’s unique gift shops, antique stores, toy store, nurseries, and the new Middletown Arts Center and gallery are still open for business. Relax with a leisurely massage at one of the inviting day spas or beauty parlors.

Hot air balloons take advantage of fog-free, clear blue skies – a wonderful sight during the warmer months. Middletown is the place to stop for food as well, boasting old-fashioned breakfast places, a wine tasting room, several wifi-capable coffee and tea shops, a brew pub, and delicatessens, as well as sit-down Mexican, American, Thai, and Chinese cuisine. A restored drive-in offers takeout or sit-down dining. If you plan to stay over, try out the clean, friendly, local motel, B&B, or check out the local casino’s beautiful, rustic lodge-style hotel, restaurant and nightlife.

Just south of town, Calpine’s Cartwright Geothermal Visitor Center offers fascinating interactive displays explaining how geothermal energy is generated locally, using steam from deep within the earth. A picnic area and facilities for meetings and community events complete the center’s offerings.

A senior center, library, and tree-shaded park with a gazebo and picnic tables grace the east side of Highway 29 just south of the center of town. Across the street, Middletown’s Gibson Museum & Cultural Center features both permanent and changing exhibits on the history of South Lake County in the town’s original 1930s public library, now beautifully restored; see www.cgibsonmuseum.com for more details.

Middletown also is a hub of a variety of denominations, including Baptist, Catholic, Methodist, Seventh-day Adventist and community churches, all with warm, welcoming congregations.

Special events include Earth Day in April; Middletown Days in June with a parade, dance, barbecue, vendors and rodeo. Christmas in Middletown features a Tree Lighting, carolers, vendors, and Santa Claus, and an annual Christmas Renaissance Pageant and Feast takes place the first two weekends in December.
